*Jumbo 2000*

2000

Tufts University

Medford, MA 02155

volume 75

*Jumbo*

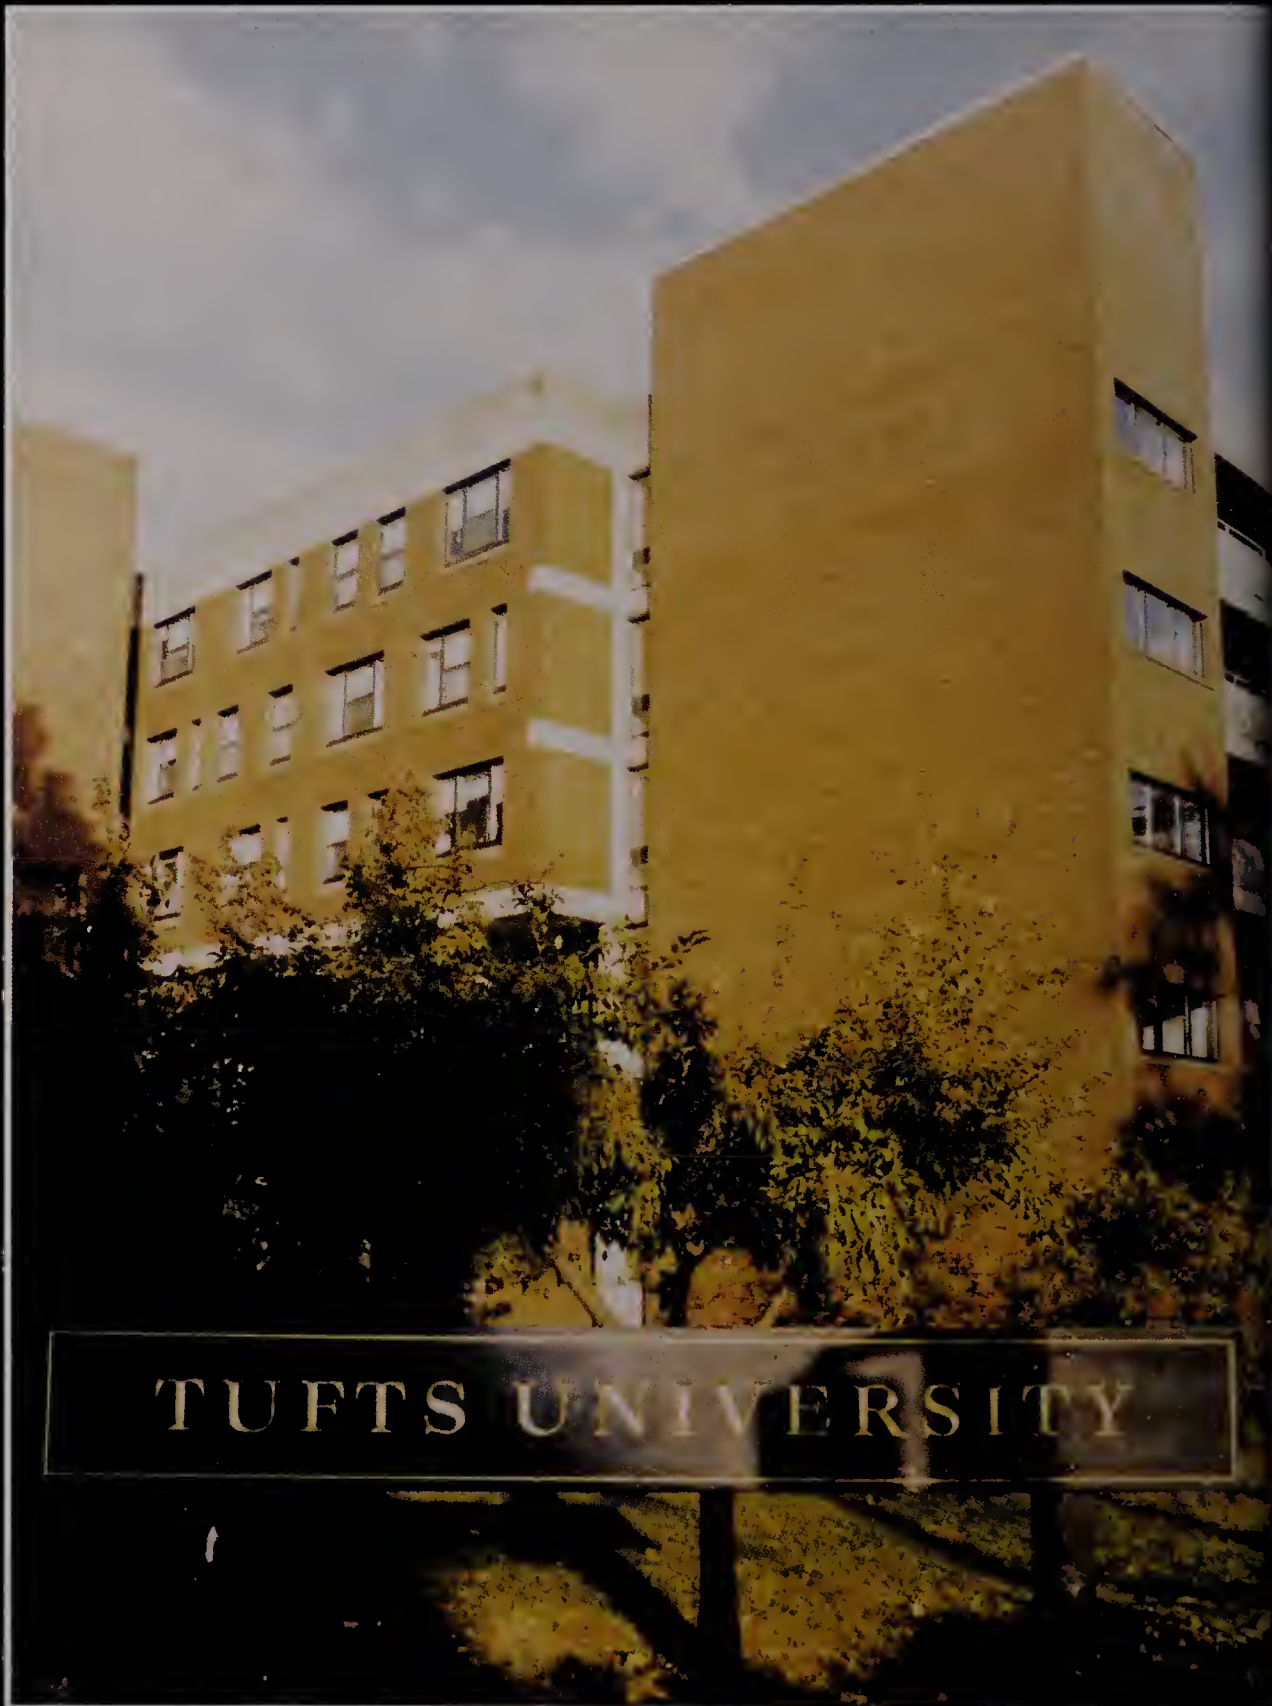

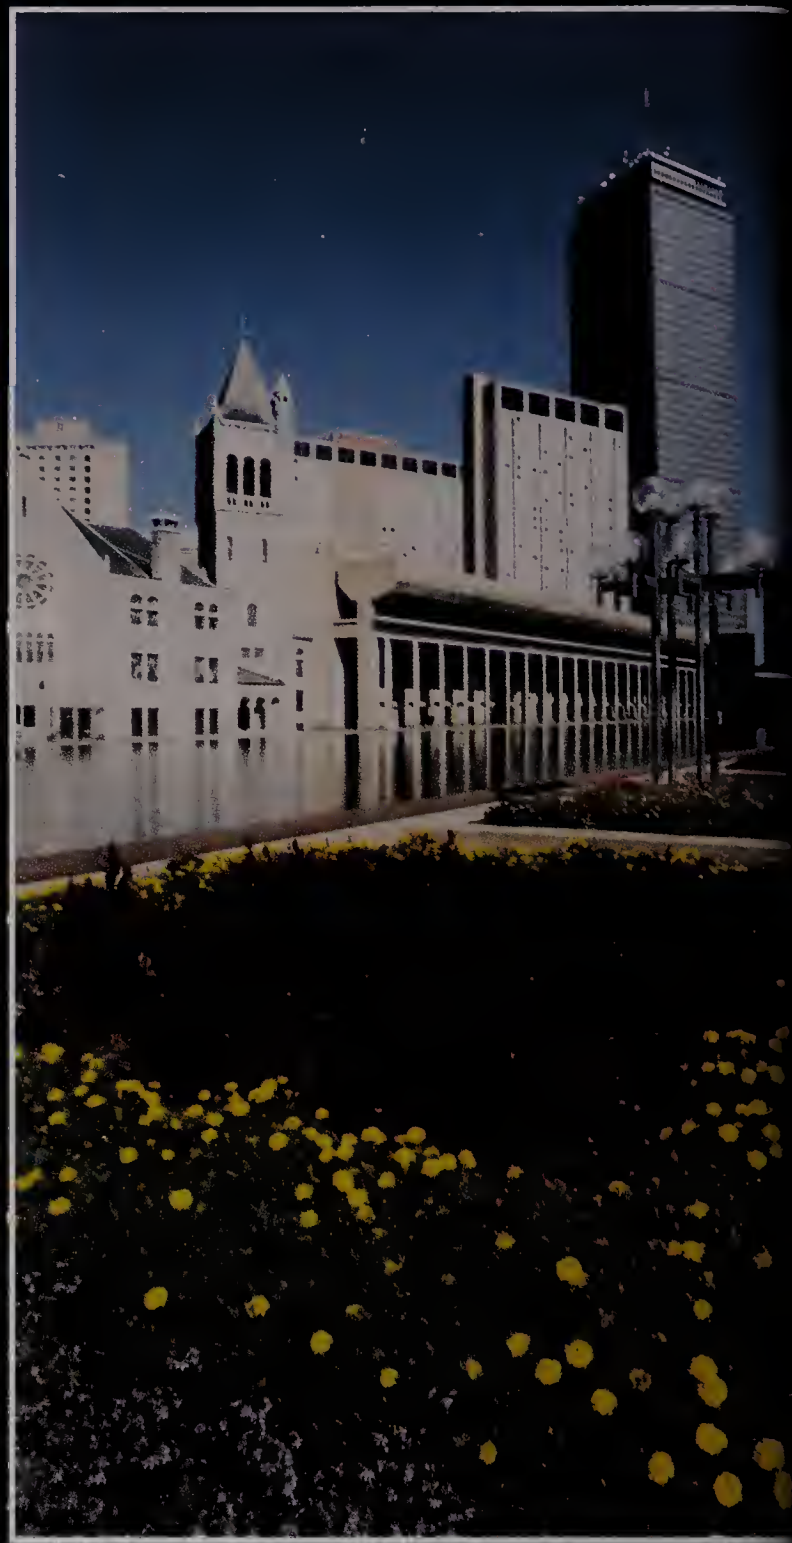

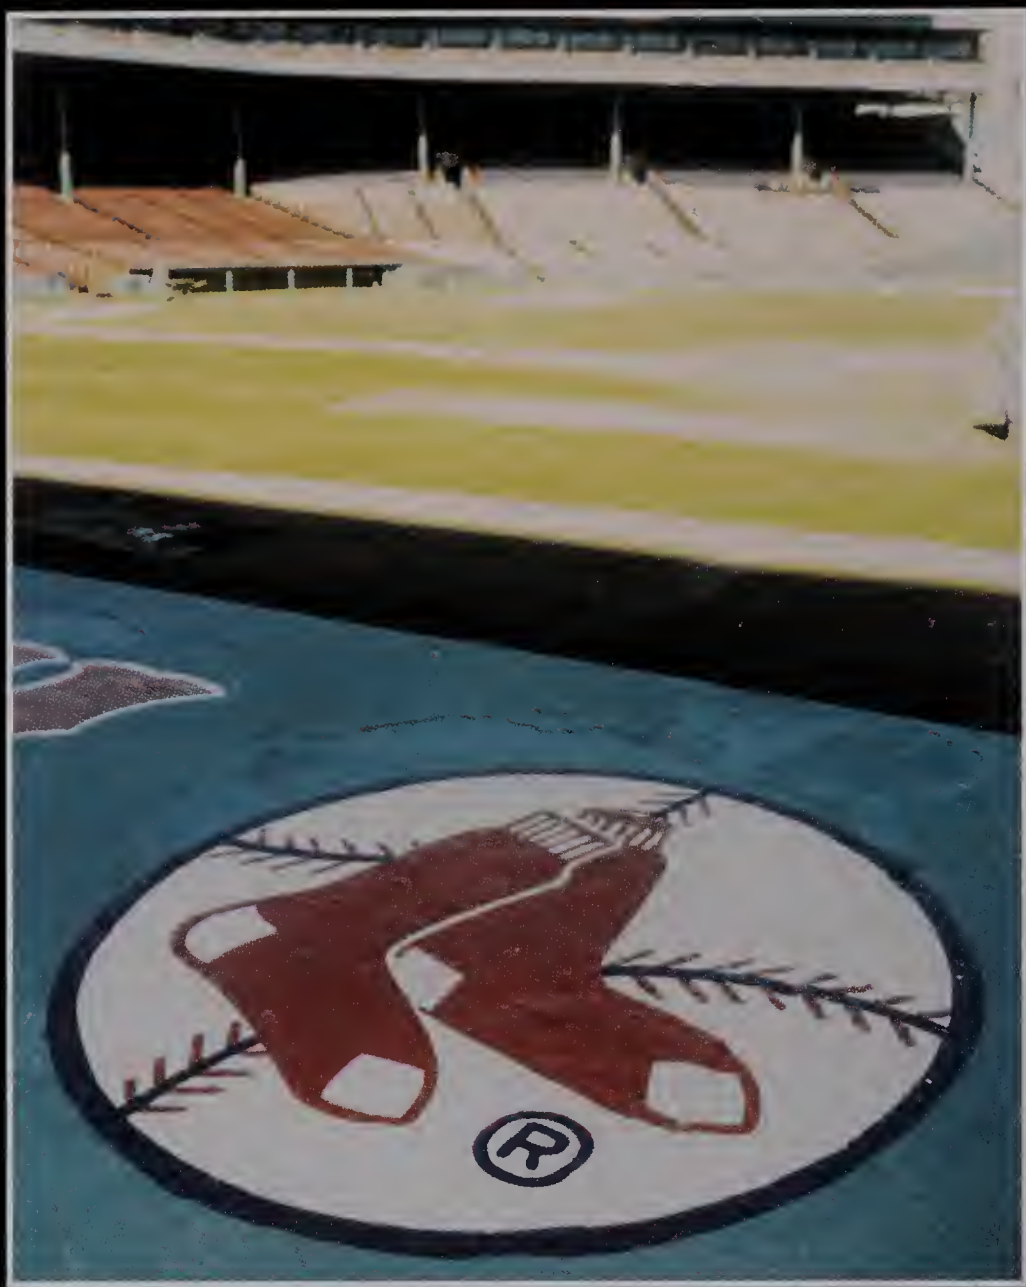

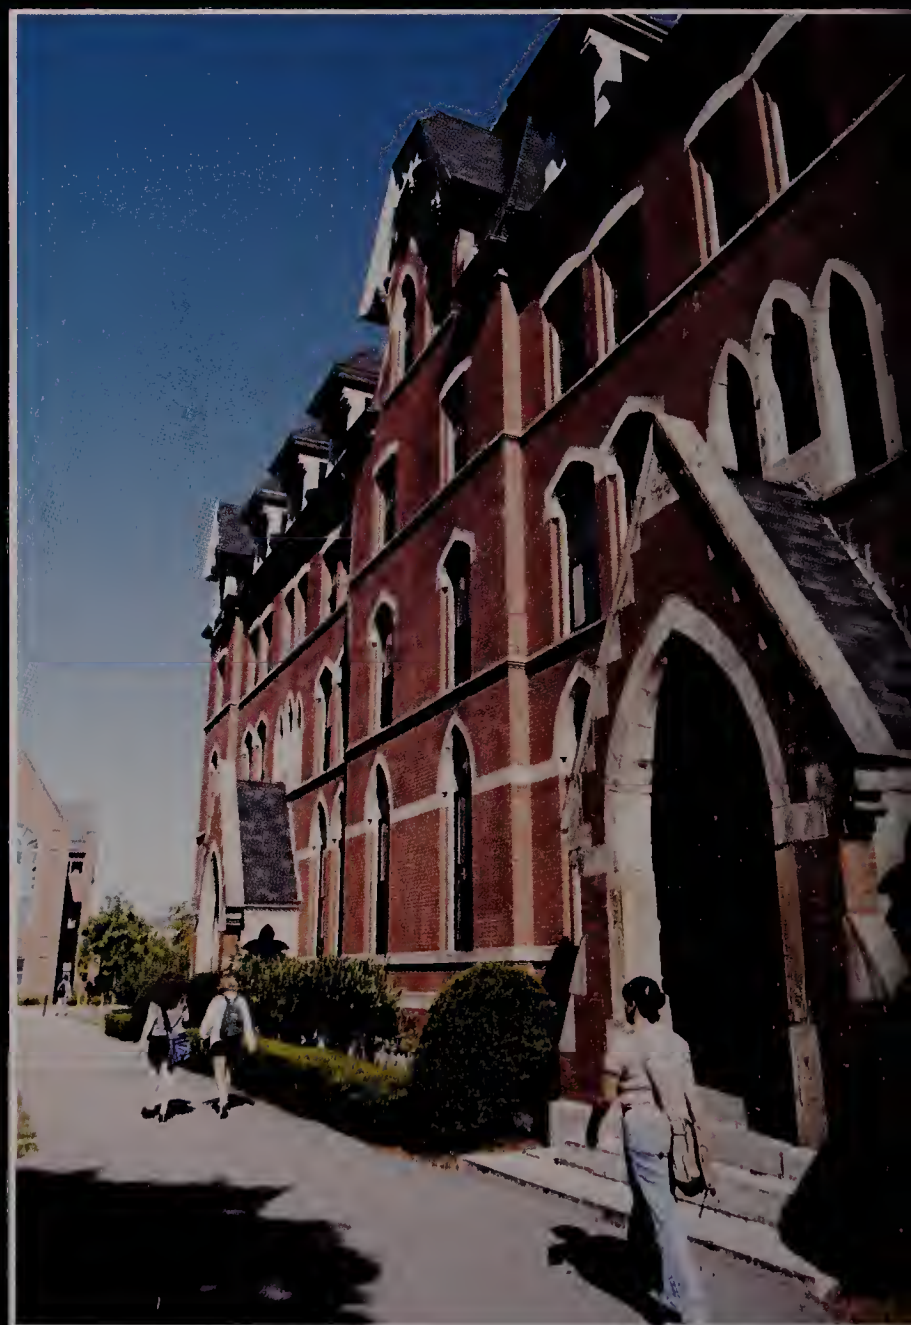

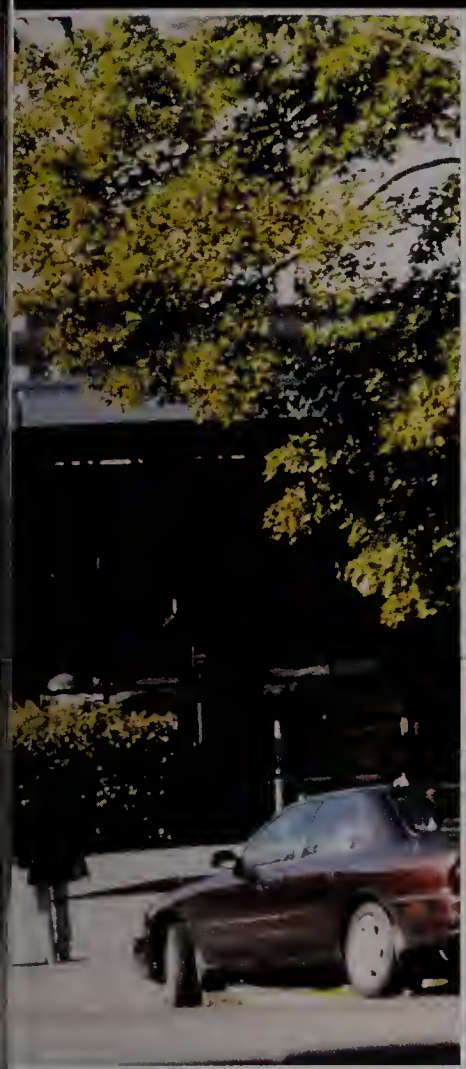

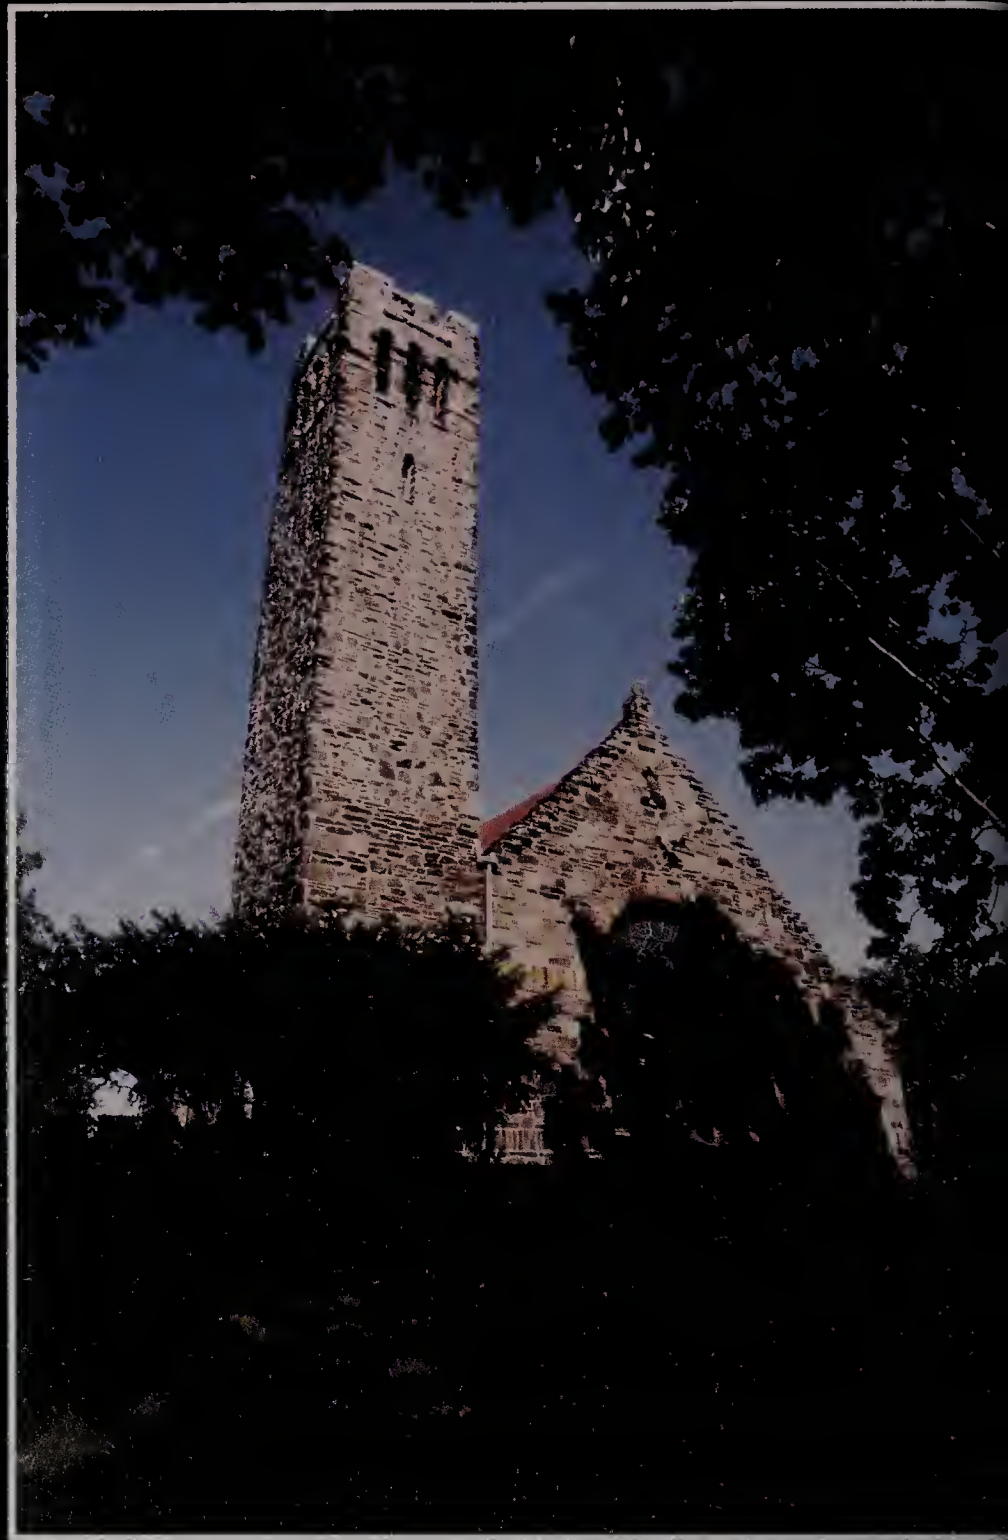

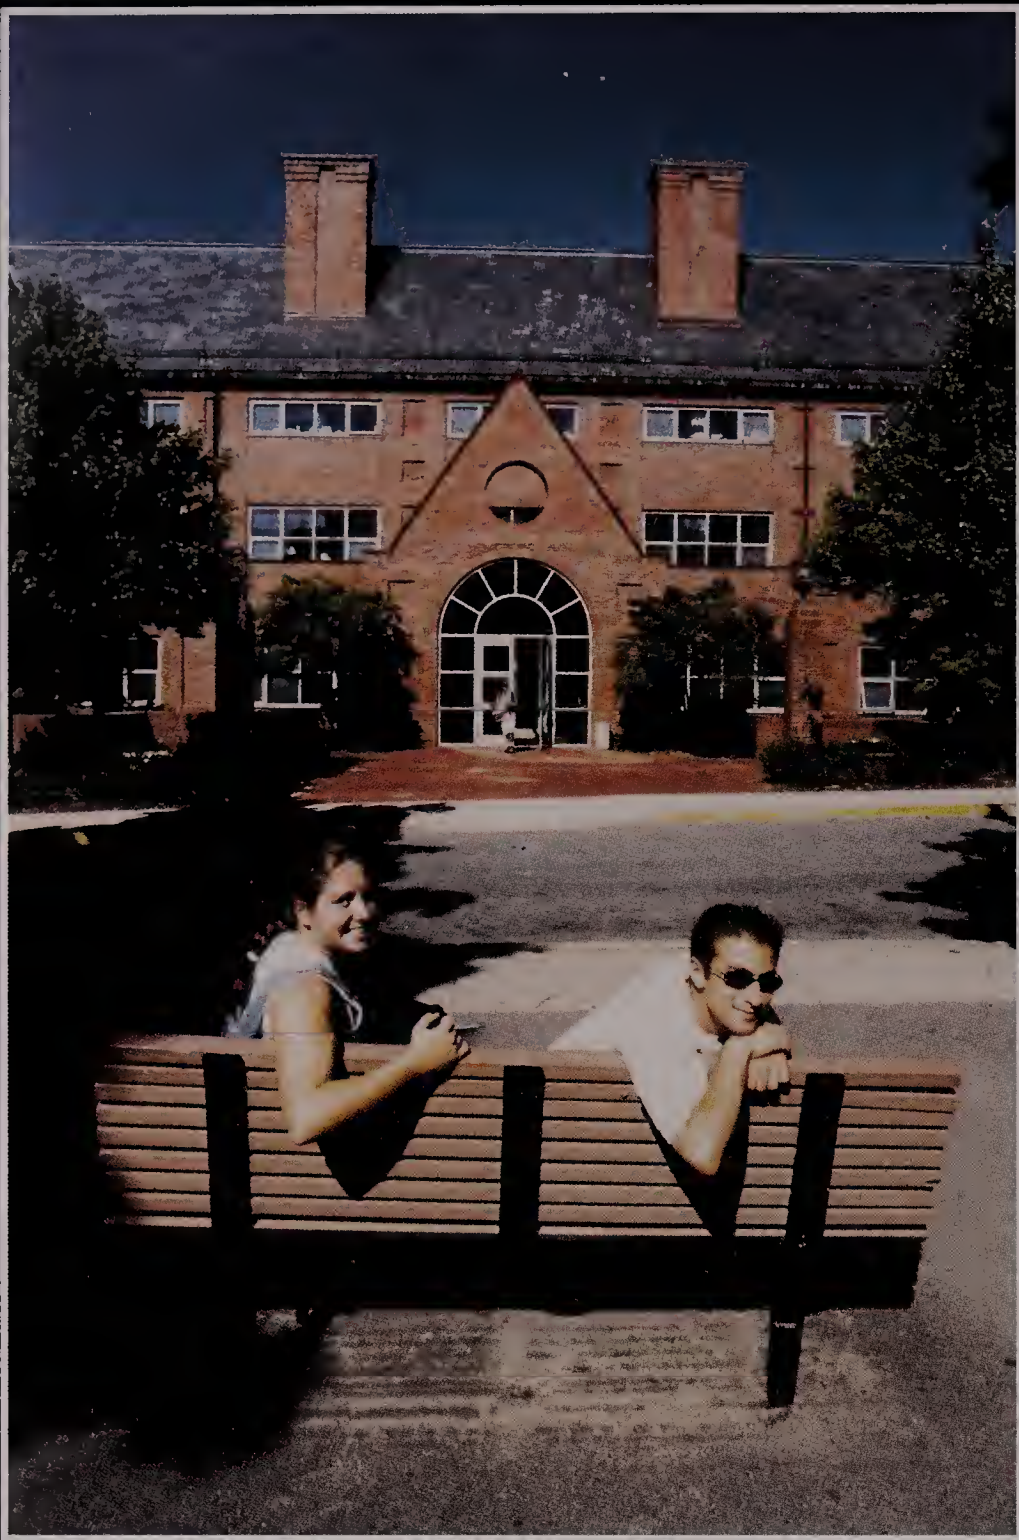

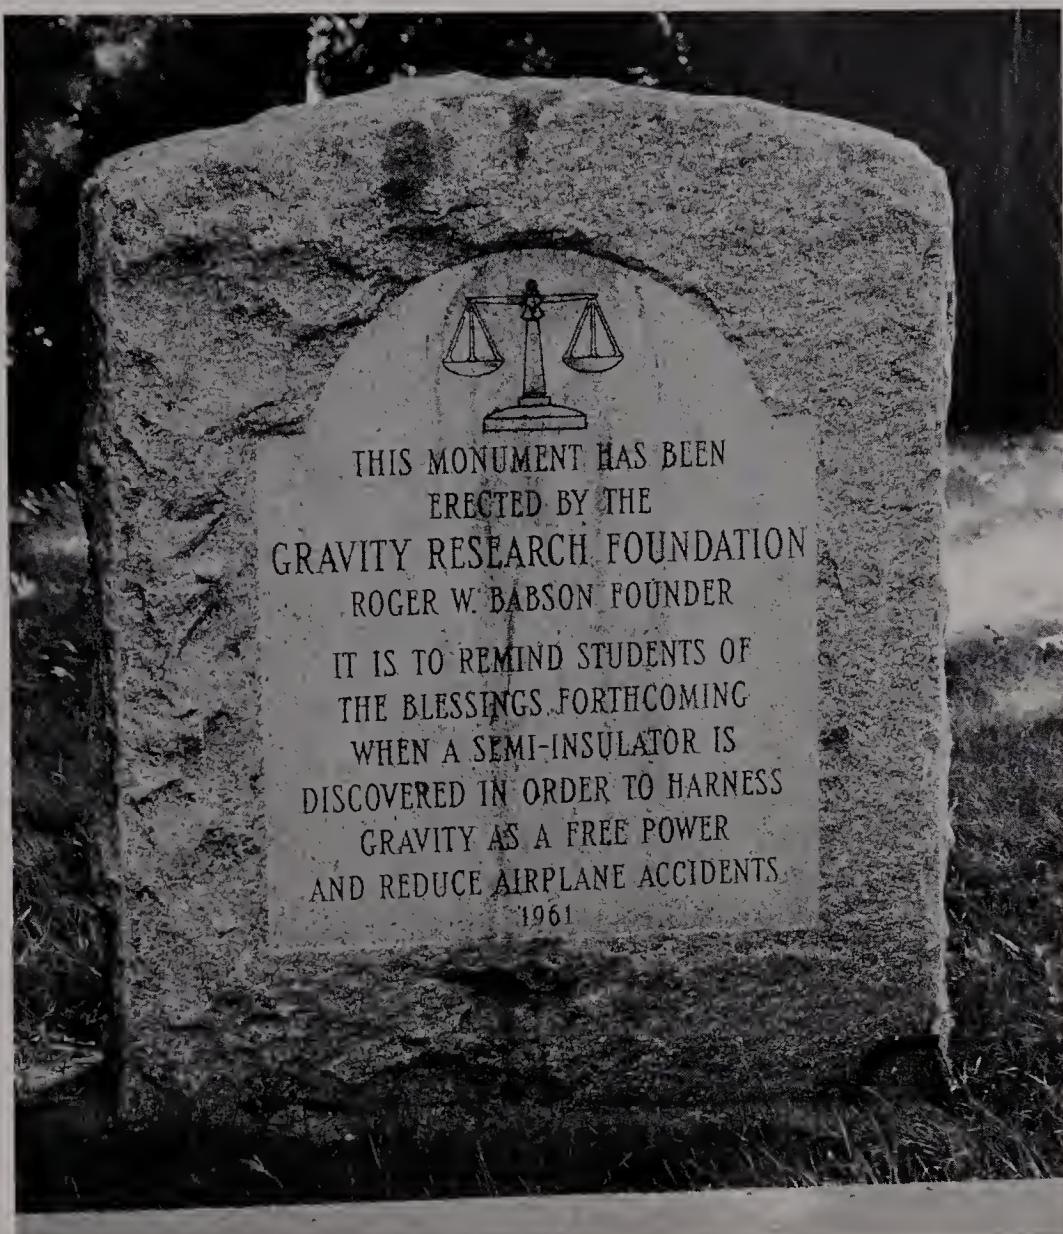

# *Student Life*

# JUMBO PRIDE!!

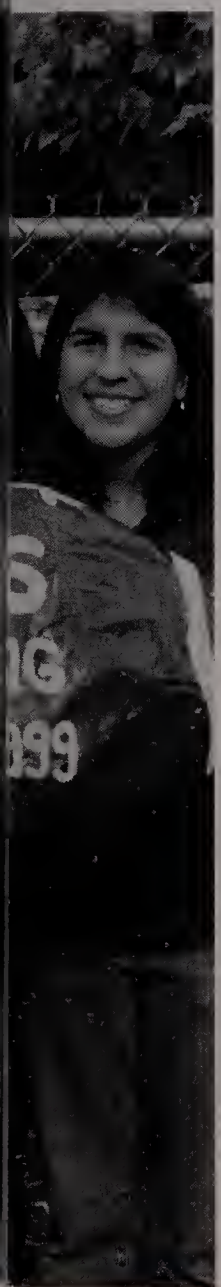

Give me a T; T. Give me a U; U.. give me a F; F. Give me a T; T. Give me an S; S.....What's that spell? TUFTS!!!!

These smiling faces pose for their last Homecoming as students - will they bring their Jumbo spirit back next year?

Proud to call Tufts "home."

# MEMORIES OF A LIFETIME...

*I always thought I  
would look back at  
the times we had and  
laugh, but I never  
thought I would look  
back at the times we  
had and cry....*

**THANKS FOR  
THE MEMORIES!!**

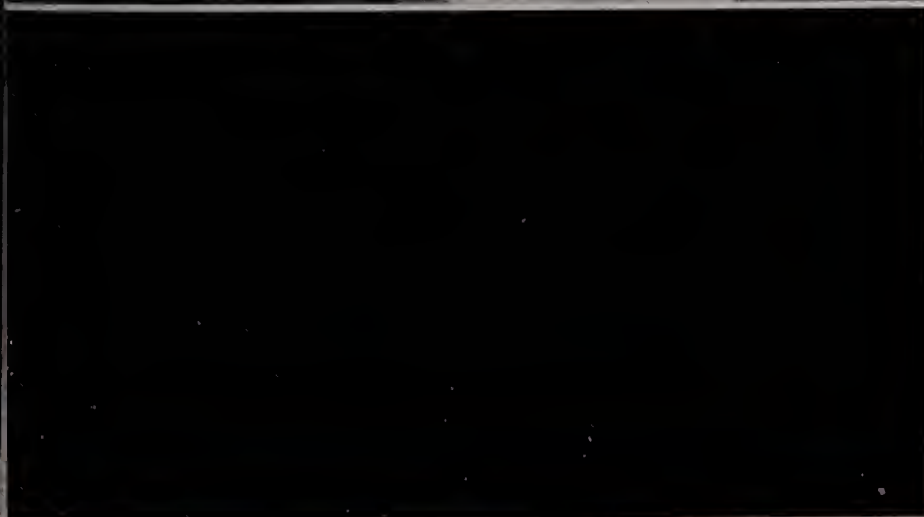

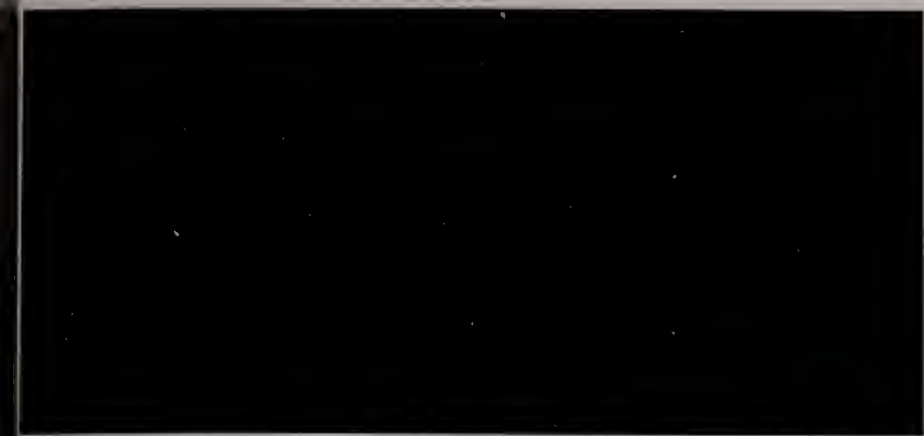

# A NIGHT OF ELEGANCE...

These "sisters" gather to welcome their new 1999 Fall rushes.

ese girls gather at the PAA Semi-formal

# LOTS O' LAUGHS

Eden Hauslaif and Cara DiPaola try out a new make-over!

ese German exchange students, from the University of Tuebingen, can make themselves feel right at home in any environment!

# TRICK, OR TREAT?!?!

From M & M's to angels and devils, this group shows true Halloween spirit!

# MORE HALLOWEEN FUN...

LUCKY MEN!!!

It's Halloween! Guess who?

Betsy Rapp, Gabi Chojkier, and Becky Noll pose for a Halloween pic!

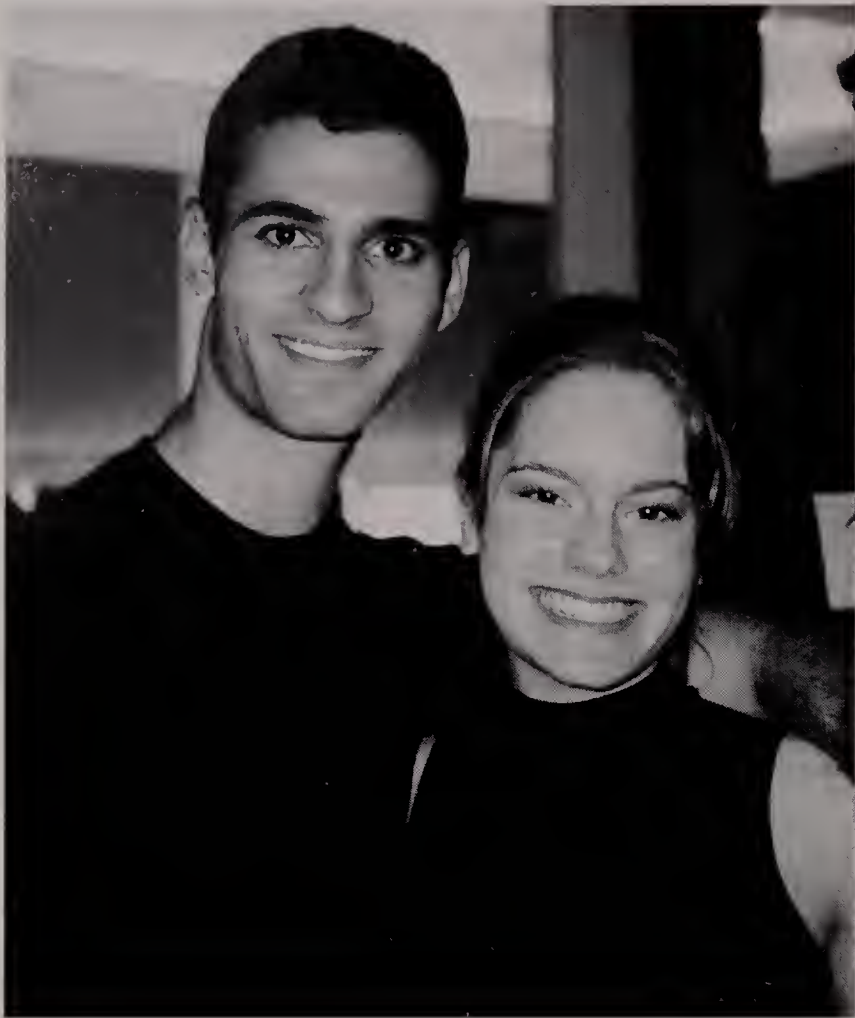

# GOOD LUCK TO THE CLASS OF 2000...

Nir Somekh and Gina Carioggiapose pause for a quick picture during their ballroom dance competition.

This group goes nuts at their holiday bash!!!

Preparing for a night filled of fun!

## *To the Class of 2000*

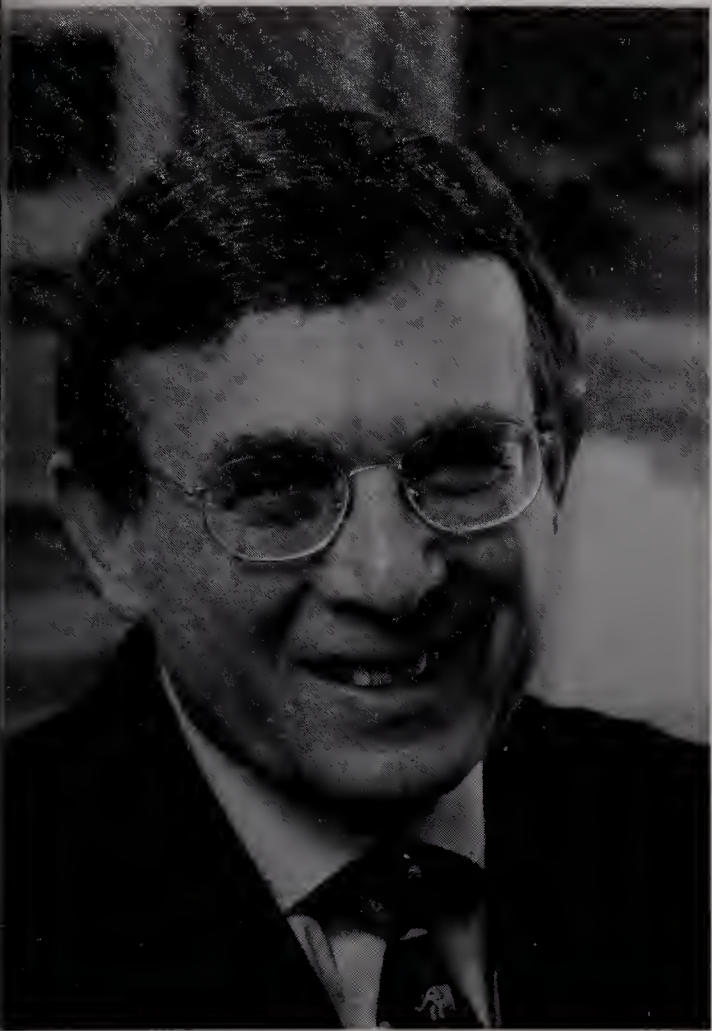

When you first arrived on campus, you were strangers with a common goal to pursue your studies and intellectual interest in the arena of higher education. Four years later you are no longer strangers, you are now alumni of a world class institution. As your undergraduate career draws to a close, you have accomplished something truly magnificent. I would like to congratulate and thank each one of you for committing yourselves these last four years to much more than just your studies. In addition to being dedicated scholars, you have also been community activists, student leaders, athletes, concerned citizens and above all, friends to each other. You have prepared yourselves wisely for the future ahead of you, and I have no doubt you will continue to make your alma mater proud.

I hope that you find yourselves returning often to Tufts in the coming years; you are always welcome here. The faculty and friends you leave behind want to hear from you, we want to share your good news. You are a part of a generation linked by the internet and superior technology. Keep in touch with your friends on the Hill and your fellow alumni all over the world.

Always remember that this University has a rich and wonderful history and that you are an integral part of it.

John DiBiaggio  
President

Yearbook '00

The remarkable attention paid by all of us to the end of the century and the end of the millennium will truly impact you and your class. You have been reminded, even assaulted, with being the first graduates to move into the 21<sup>st</sup> century. The expectations are high: comfort and ability to lead in the new age of global information; increased responsibilities to deal with social ills by being part of an active citizenry; and commitment to lifelong learning in an era of incredibly rapid change.

Challenges indeed, but, as Tufts graduates, you are well prepared not only to cope but also to lead. Your liberal education, with its emphasis on critical thinking, a broad range of communication skills, and the ability to live and flourish in an internationally focussed world, are the requisite skills for global leadership in the new millennium. I know I speak for all in the Tufts community when I voice confidence in your prospects to be leaders in such an environment.

As with Tufts, may your reach truly exceed your grasp.

A handwritten signature in dark ink that reads "Mel Bernstein". The signature is fluid and cursive, with the first name "Mel" and last name "Bernstein" clearly legible.

Mel Bernstein

Vice President of Arts, Sciences and Engineering

## TUFTS UNIVERSITY

Office of the  
Senior Vice President/Provost

October 20, 1999

To the Class of 2000:

Well, there it is: the Class of 2000. You are the first class to carry the designation of the new millennium. Knowing as many of you as I do, I believe this is very appropriate. Your class had a deeper, more mature sense of historical perspective and significance than any class in my memory. You demonstrated more historical curiosity, a keener understanding of the events of this century. You were the first class to seek some sort of connection with the past, particularly the two cataclysmic world wars which marked this century's tragic confrontations in the name of nationalism and ideology. You used your years at Tufts to prepare yourselves to become citizens of the world. While remaining quintessentially Americans, you seemed to understand that technology was going to force you to accept a more global kind of life, one which will take you and your families far from these shores. You are adventurers, explorers, and people of action. I would like to be a fly on the wall, when you are finished making your mark on this earth, because I believe that we will be vastly better off as human beings for you having made a difference to humanity.

# CHEMICAL ENGINEERING

The chemists are a strange class of mortals, impelled by an almost insane impulse to seek their pleasure among the smoke and vapor, soot and flame, poisons and poverty, yet, among these evils I seem to live so sweetly, that may I die if I would change places with the Persian King.

*-Johann Becher*

The most exciting phrase to hear in science, the one that heralds new discoveries, is not Eureka (I've found it!) but "That's funny"

*-Isaac Asimov*

# CHEMISTRY

# CHILD DEVELOPMENT

Unless investment in children is made, all of humanity most fundamental long-term problems will remain fundamentals.

-UNICEF

Stewardship of land should be based on the principle that resources are not given to us by our parents but loaned to us by our children.

-Larry Harris, Professor at University of Florida

# ENVIRONMENTAL ENGINEERING

It is an unscrupulous intellect that does not pay to antiquity its due reverence.  
*-Desiderius Erasmus*

Health is a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity.  
*-World Health Organization*

All religions correspond to the same human needs; all have a common denominator. What it is I dare not say.

*- Henry de Montherlant*

The thing about performance, even if it's only an illusion, is that it is a celebration of the fact that we do contain within ourselves infinite possibilities.

*-Daniel Day Lewis*

# ELECTRICAL ENGINEERING COMPUTER

The most likely way for the world to be destroyed, most experts agree, is by accident. That's where we come in; we're computer professionals.

We cause accidents.  
-Nathaniel Borenstein

# ENGLISH

Writers are given the responsibility of sight. I think that the whole burden, responsibility, and beauty of the gift forces us to construct our lives differently so that we are able to become vehicles, to transcend, to encompass and articulate not only our own experience but the experiences of others.

- Alexis De Veaux

# G E O L O G Y

Old Earth, worn by the ages, wracked by rain and storm, exhausted yet ever ready to produce what life must have to go on.  
-Charles De Gaulle

A mathematician is a device for turning coffee into theorems.  
-Paul Erdos

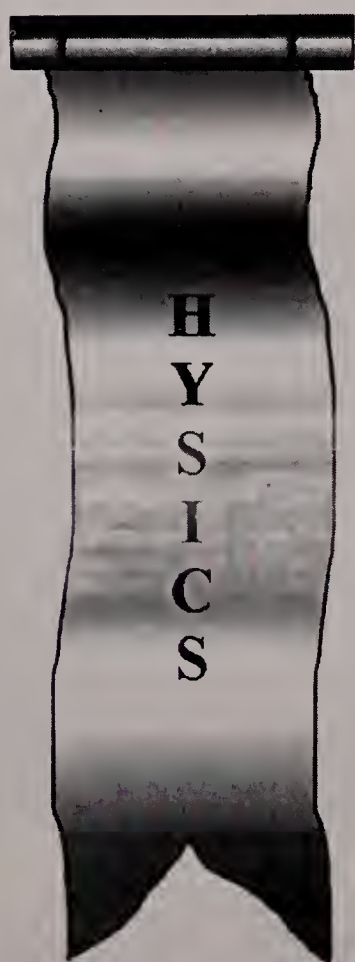

Concern for man and his fate must always form the chief interest of all technical endeavors...Never forget this in the midst of your diagrams and equations.  
-Albert Einstein

The philosopher believes that the value of his philosophy lies in the whole, in the building; posterity discovers it in the bricks with which he built and which are then often used again for better building; in the fact, that is to say that that building can be destroyed and nonetheless possess value as material.

*-Friedrich Nietzsche*

God runs electromagnetics by wave theory on Monday, Wednesday and Friday, and the Devil runs them by quantum theory on Tuesday, Thursday and Saturday.

PSYCHOLOGY

Language is the amber in which a thousand precious and subtle thoughts have been safely embedded and preserved. It has arrested ten thousand lightning flashes of genius which, unless thus fixed and arrested, might have been as bright, but would have also been as quickly passing and perishing, as the lightning.

The **Observer** is Tufts' 104 year-old newspaper. As the weekly paper at Tufts, The **Observer** prides itself on giving in-depth coverage of campus news and sports. It has over 30 editors and a variety of writers and reporters. The **Observer** is the oldest student organization on campus and has been the home of several prominent journalists.

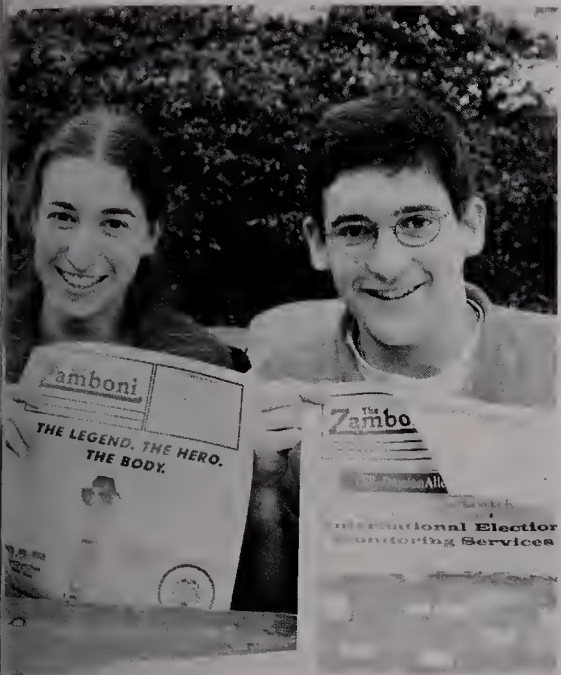

This year **Queen's Head & Artichoke** celebrates its tenth year as Tufts Journal of Art and Literature. The magazine comes out once every semester and publishes student artwork, poetry, prose, and short stories. Students get involved in a variety of ways including submission, selection, production and readings.

Walk into any classroom, any dining hall, any study spot at Tufts and you're sure to see someone reading the **Tufts Daily**. Although we're probably most known for our crossword puzzles, students and faculty alike also turn to the **Daily** for campus news, sports, entertainment and opinion pieces. We are an entirely student-run publication with a staff of approximately 50 editors, not to mention all of the writers, office workers, and delivery people who help the paper come out every day. Founded in February 1980, this marks the 20th anniversary year of the paper. For those of us who are a part of the **Daily**, the paper is more than just an activity; it is a true family and a home away from home. From Friday meetings, to trips to IHOP, to basketball against the **Observer** and softball against the Senate, the **Daily** has a culture all its own.

**WMFO** exist as a student/community radio station for the Tufts community and the surrounding area. Our call letters are WMFO and we are located at 91.5 on the FM dial. We are entirely student-run.

## “ The Daily

The Daily provides a good service for centralizing news. I think it's a good model for young adults learning to work in a business.”

- Stephanie Wagner

I think it's got a strong following which gives it a lot of influence on our campus.”

- Eric Anderson

### Memorable Experiences?

Seeing ultra conservative writers turn into drunken slobs.”

- Adam Machanic

Commencement. Being here for three straight days in a row.”

- Pamela Abrams

”

## “ Queen's Head and Artichoke

“We are a good way for students to become published authors in a high quality magazine. People become ‘famous’ for their beautiful artwork and meaningful poetry, prose, etc. It's an all around great way for students to express themselves creatively!”

- Anne Keefe

”

## “ The Observer

“We act as the voice of the students, informing the campus of things that should be brought to their attention. We encourage campus awareness among the students in the Tufts community.”

- Becky Friedman

“Our newspaper gives Tufts students a source of news focused on campus issues and campus activities.”

- Shannon Gourley

### What's your favorite activity?

“Listening to the radio and dancing while putting the paper to bed.”

- Marla Schiff

“Going to Dunkin' Donuts at 4 am with EX-Com staff members.”

- Anita Patil

“The final night of the paper, because we go to IHOP.”

# Cultural Clubs

*Arab Students Association, Armenian Club, Asian Community at Tufts, Association of Latin American Students, Association of South Asians, Caribbean Club, Chinese Culture Club, Filipino Cultural Club, German Club, Hawaii Club, Hellenic Society, Hispanic-American Society*

As an organization, **Association of Latin American Students** is perhaps the most unique one on campus. Not only does it embrace the tremendous cultural and geographical diversity that underly Latino relations; it also works as a voice to a population with a diverse mix of political and cultural needs.

The Latino population on Tufts is growing, and with it ALAS as well. La Casa Latina was perhaps the first spinoff of the concern for Latino culture housing. From there it has been the parent of the Latino Center, from where the work of developing better student relations is done by its director.

In the long run ALAS hopes to be the foreground of change while maintaining a vibe of approachability on the Tufts Campus. Whether it is through sharing poetry, holding a dance party, or a forum concentrating on Latino student issues we have and will continue to try to cover the spectrum of needs our population feels are pressing.

Just as the club has always been composed of Caribbean, Central South American, and Mexican nationals and American-born Latinos, it

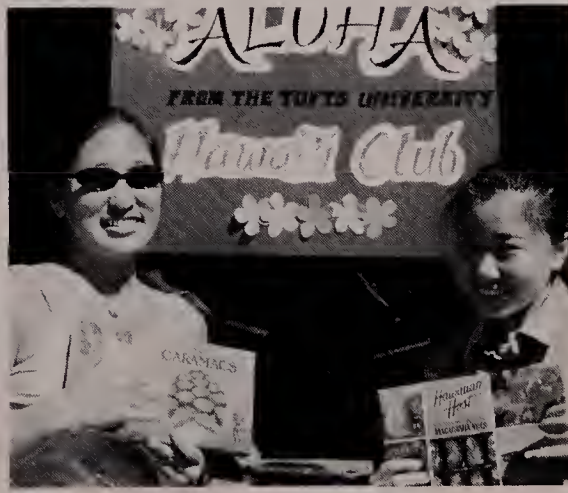

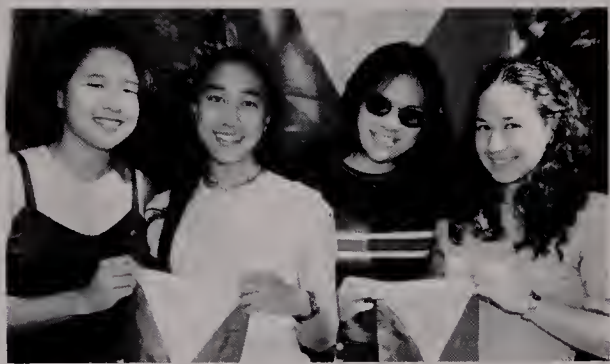

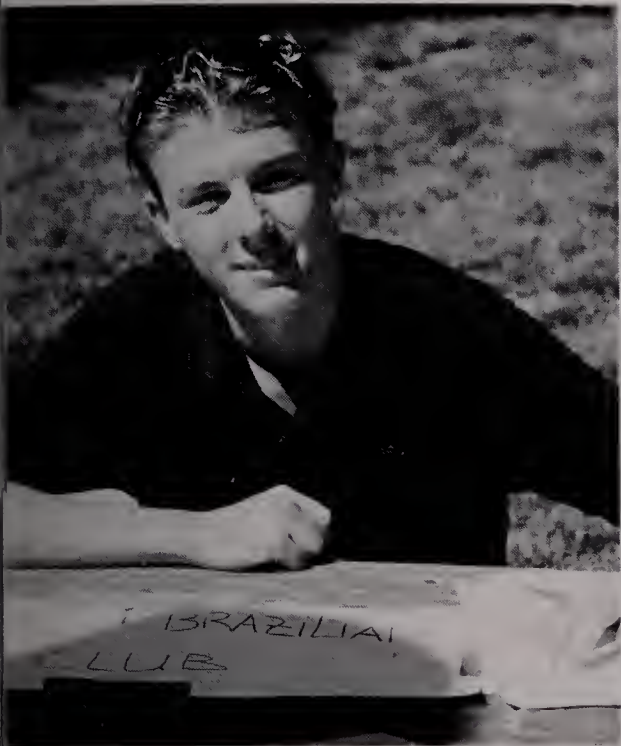

will continue to work towards providing some common ground for enjoyment and enlightenment in their Tufts experience.

The goal of **Asian Community at Tufts** is to unify the Asian groups on campus by raising political awareness concerning Asian/Asian-American issues in the Tufts community. This goal is achieved by providing various political, educational, and social events that serve to educate and unite the Asian community at Tufts. We host the Asian-American Culture Show, Pan-Asian Club Night, and are currently trying to bring a big name Asian speaker to Tufts.

# Cultural Clubs

*Italian Club, International Club, Japanese Cultural Club, Korean Student Association, Pan-African Alliance, Persian Association, Russian Circle, Thai Club, Taiwanese Association, Turkish Society, Vietnamese Students Club*

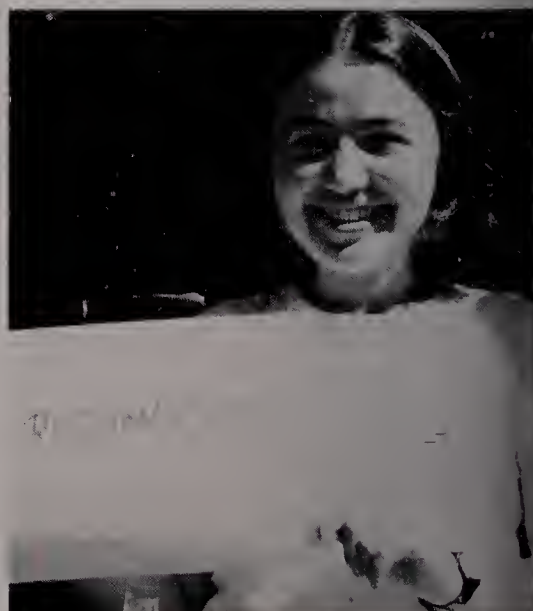

**Tufts Association of South Asians (TASA)** is one of Tufts University's largest student organizations. TASA's main mission is to provide cultural, educational, and religious programming for students interested in South Asia. Lectures, poetry readings, concerts, theater productions, religious festivals, and culture shows are examples of the programming TASA organizes. While TASA's programming is geared primarily towards South Asians, the organization strives to make its events as accessible as possible to the greater Tufts community and the Boston community.

Now in its fifth year, the **Tufts Filipino Cultural Society (FCS)** continues to offer Filipino culture to the Tufts community, promote awareness of Filipino and Filipino-American issues and create a network for all those interested in Filipino culture on and off the Tufts campus. Since the club's inception, membership has grown immensely in both number and diversity. Members bond through participation in some of the club's many events. Major FCS activities include a Parents' Weekend Reception, involvement with District I (the Boston conglomerate of all collegiate Filipino cultural or-

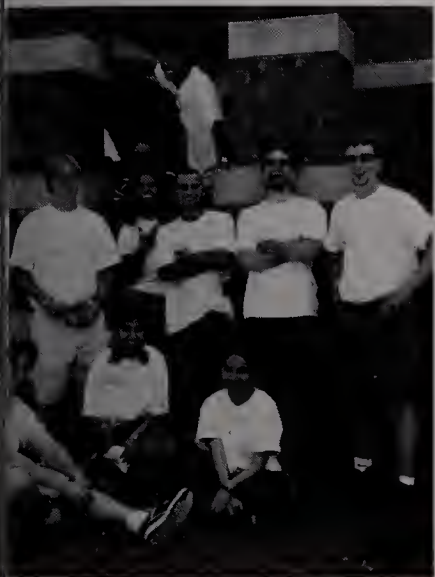

ganizations) and participation in the F.I.N.D. Conferences (the Filipino Inter-Collegiate Networking Dialogue). Through Philippine International Aid, FCS also proudly sponsors the education of two teen-aged girls in the Philippines. Of course, we can't forget about Piastang Filipino, the club's unique display of traditional Filipino dance, music and food. The club is a wonderful medley of personalities and talent, the FCS dedicated officers and members will ensure that the family continues to strengthen and grow.

The purpose of the **International Club** is to promote foreign culture on campus and integrate international and American students, so that mutual understanding can be achieved. Social events include the International Cruise, the Intercultural Festival, and helping out at Tufts' International Orientation. Members number over 200 students.

# Greek Life

*Alpha Epsilon Pi, Sigma Phi Epsilon, Delta Tau Delta, Theta Chi, Delta Upsilon, Theta Delta Chi, Psi Upsilon, Zeta Beta Tau, Sigma Nu, Zeta Psi, Alpha Phi Delta, Alpha Phi, Alpha Omicron Pi, Chi Omega, Alpha Tau Omega Inter-Greek Council*

**Alpha Omicron Pi's** main purpose is fun and friends, but we are also very big in philanthropy. We sponsored our first ever "Run for the Roses 5K and Raffle" on October 23rd with all benefits for arthritis research, our national philanthropy. It was a huge success and we had great time putting it together. This past Halloween we did our annual Trick-or-Treating for Cans with ZBT to benefit a local soup kitchen. We collected over 1275 cans! In the spring, we look forward to our Valentine "Help AOII Lick Arthritis" lollipop sale and formal rush. On the outside, Alpha Omicron Pi looks like an ordinary "club" of 60 girls. What makes us special can't be described or explained. AOII sisterhood is unconditional, like family. Organizations can be friends, but AOII are sisters.

**Zeta Beta Tau** is a fraternity of just under forty brothers, dedicated to sharing a common commitment while enjoying lifelong friendships. ZBT is a diverse brotherhood of Tufts males whose extracurricular involvement spans the spectrum of activities at Tufts. The brothers of Zeta Beta Tau are dedicated to the university, to the community and to each other. Whether it is a spontaneous gathering of brothers at 126 Packard Avenue, initiating new men into the fraternity, going away on retreat together, or organizing philanthropic events such as the 50 inning softball marathon (in which proceeds go to the Make A Wish Foundation), ZBT offers to its brothers the opportunity to make lasting friendships and to serve the community and the school. One brother describes the fraternity best, "When I first met the brothers, I realized that they had a bond with each other that I had with few people at

Tufts. It was that sense of brotherhood and trust that convinced me that I wanted to be a brother of Zeta Beta Tau Fraternity." To its brothers, ZBT is about brotherhood, trust and charity.

Since 1998, the Omicron Chapter of Zeta Beta Tau has made itself known as a powerhouse of excellence at Tufts University. Our brothers have distinguished themselves as true campus leaders, heading organizations such as the Inter-Greek Council, Concert Board, TUTV, The Zamboni, The Tufts Daily, and others. As a fraternity we have dedicated ourselves to volunteer service (running major events throughout the year for charities like the Somerville Battered Women Shelter and The Make-A-Wish Foundation), as well as to excelling academically. Talk to any one of us and you'll see why we say that it's great to be a Zebe!

The **Inter-Greek Council** is the

governing body for the ten fraternities, three sororities, and one Co-ed Greek House at Tufts University. We work closely with every Greek Organization on campus, the Inter-Fraternity Council (IFC), the Pan-Hellenic Council (PHC), and the Dean of Students Office. Through these numerous organizations, we oversee Fraternity and Sorority Rush and plan events including Fall Formal, Homecoming Block Party, and Spring Block Party. We have an active IGC-Judiciary Board that handles most problems that arise within the Greek Community and we have a students active on the Dean of Student's Committee on Social Fraternity and Sorority Life (CFS). Our executive board has members from many of the Greek Organizations who work closely together to plan events, support philanthropies, and improve the general view of the Greek Community.

“

# Sporting Organizations

*Club Sports, Snowboard Club, Tufts Mountain Club, Tufts Ski Team, Taekwondo Club*

The Fencing Club exists as a club sport for men and a program whereby people interested in the sport of fencing can come and learn about fencing, and how to fence, and ultimately can compete with us in the NESCAC conference. We coexist with the Women's Varsity Fencing Team, working together to improve our skills and reach fencing to people interested. Last year the men's team placed fourth in the conference and the women's team tied for first. We compete in three weapons: foil, epee, and saber.

The **Tufts Mountain Club** is a non-Senate funded organization with over 300 members, making it the second largest group on campus. The Mountain Club's purpose is to provide a form for nature interested souls at Tufts. Our activities include regular training and excursions in technical rock climbing, weekend-long trips throughout the wilderness of New England for warm and cold weather backpacking, kayaking, canoeing, white-water rafting, ice climbing, skiing (both cross-country and downhill), showshoeing, hiking, skydiving, spelunking, mountain biking, and other diversions. The members of the Club are the caretakers of the 'Loj,' a log cabin style building located on a large plot of forested land in North Woodstock, New Hampshire. Club members and other Tufts students can pay a small fee to spend a weekend of rugged-style relaxation away from classes and the uncivilized urban world of Boston. The club is organized and run by a member-elected board of executives, who undertake such responsibilities as organizing trips and events, the upkeep of the Loj, and care of Club equipment.

The **Taekwondo Club** is a very hard-working and fun oriented group. We enjoy our vigorous workouts, which keep us in great shape and also

prepare us to fight against other schools. We've had great memories together which include flap jacks and forties, our annual 24 hour pre-spring fling party, and regular get togethers at Neha's house, torturing her cat and "walking the dog." Although we've suffered our share of dislocated fingers, fractures, kicks below the belt, run-ins with wooden boards, sprained ankles, and many nights praying to the porcelain gods, it's been great and there's always more to come.

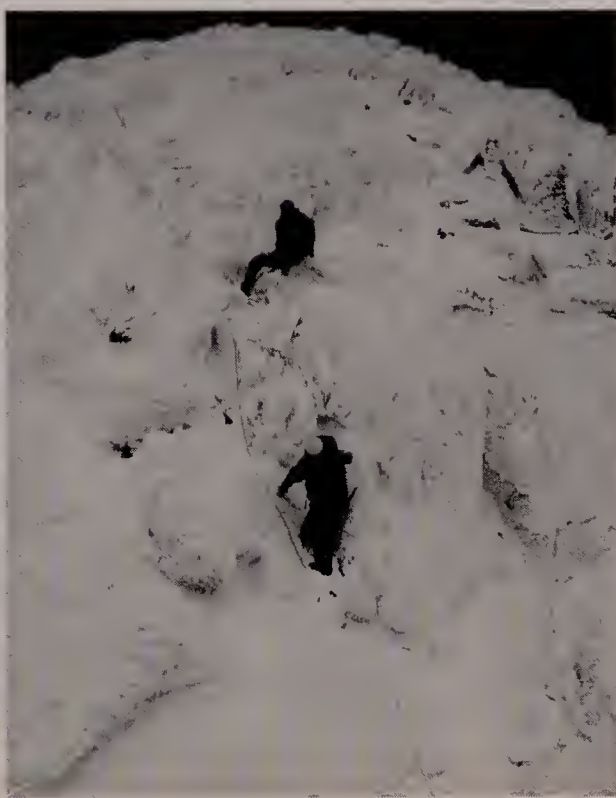

“

### *Fencing Club*

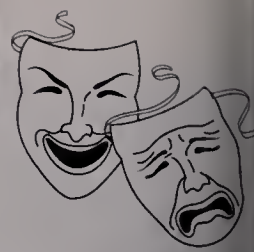

“Fencing attracts people who are looking for a new way to keep fit and to learn discipline. You can only improve if you’re focused, and I think people know that once they show up, so they want to try harder to become competitive. It’s one of the few sports you can pick up when you get to college, and be a champion by the time you leave.” - Saeed Farouky

”

# Performance Groups

*Amalgamates, Arts Commission, Ballroom Dancing Club, Beelzebubs, Black Theater Company, Cheap Sox, Chorale, Crafts Center, Dance Collective, Essence, . .*

**Tufts Ballroom Dancing Club:** Learn to kick up your heels and do the waltz, cha-cha, swing, and other ballroom and Latin dances. For the tentative dancer, we hold workshops that teach the basics of each dance, while the more advanced dancers have the option of attending ballroom dance competitions. These dances never go out of style, so pull yourself away from your books and join us on the dance floor!

**Cheap Sox,** Tufts Only Improv Comedy Troupe has been bringing their unique and lively humor to the Hill and the world for more than several years now! (actually, around 13 or 14). Delighting people of all ages and all genders, Cheap Sox takes audience suggestions and weave out scenes, songs, characters and inflammatory right wing propaganda into a flawless orge of pleasure. Distinguishable by their bright pink bowling shirts and breathtaking physical beauty (the only kind that counts), keep an eye out for a Cheap Sox show near you!

**Tufts Dance Collective** is a unique organization dedicated to inspiring and fostering creative choreography and movement. TDC prides itself in it's ability to provide a collective variety of techniques and styles. We do everything from classical ballet to jazz, from modern to hip-hop and funk!

### *Tufts Dance Collective*

"I joined TDC because I needed a fun laid-back atmosphere to show off my skills as a dancer and choreographer."

- Melissa John

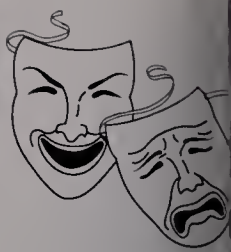

"I love dancing and from right off the bat I got a good feeling about Tufts Dance Collective."

- Meredith Kormes

# Performance Groups

. . . Jackson Jills, Jumbo Marching Band, Pen, Paint & Pretzels (3Ps), Sarabande, Shir Appeal, Spirit of Color Performing Arts Troupe, Third Day Gospel Choir, Torn Ticket II, Wind Ensemble

The **Jackson Jills** have been Tufts' only all-female a cappella group for 32 years and are currently enjoying another semester of song. Our activities have included renting ourselves to serenade people's sweethearts on Valentine's Day, singing at colleges across the nation, and spreading the Tufts spirit on and off campus. It's been another amazing year with the Jills, a year in which the old and new came together and formed the intimate bond that characterizes our group's tradition. We would like to congratulate our Seniors: Meghan, Christin, Ani, Liz, Anna, and Raji for their remarkable achievements throughout these four years. The strength and spirit that they've contributed to the group is immeasurable. We wish them luck in all they do!

**Shir Appeal** is Tufts only Jewish a cappella group. Our purpose is to celebrate the Jewish culture through the singing of a cappella music- but mostly- our goal is to have lots and lots of fun! We currently have 14 members.

The purpose of the **Spirit of Color Performing Arts Troupe** is not only to promote artistic expression of "students of color," but also to help make the entire Tufts community, including Spirit of Color members, more aware of the rich and various historical cultures which constitute the Tufts Univer-

sity population. We strive to achieve this through singing, dancing, and acting. Our goal is to break down stereotypes by working together as a performing arts troupe, in which people of different ethnicities and backgrounds come to know each other beyond representatives of cultures and races, but as individuals. We are a group of individuals that come together and have a lot of fun!

Okay, so we pick out noses. . . but we're **Traveling Treasure Trunk**, Tufts only children's theater troupe! Whether we're Abiyoyo, a toothbrush, or the Emperor of Snazz, we're always making kids smile! Eat Poo!

“

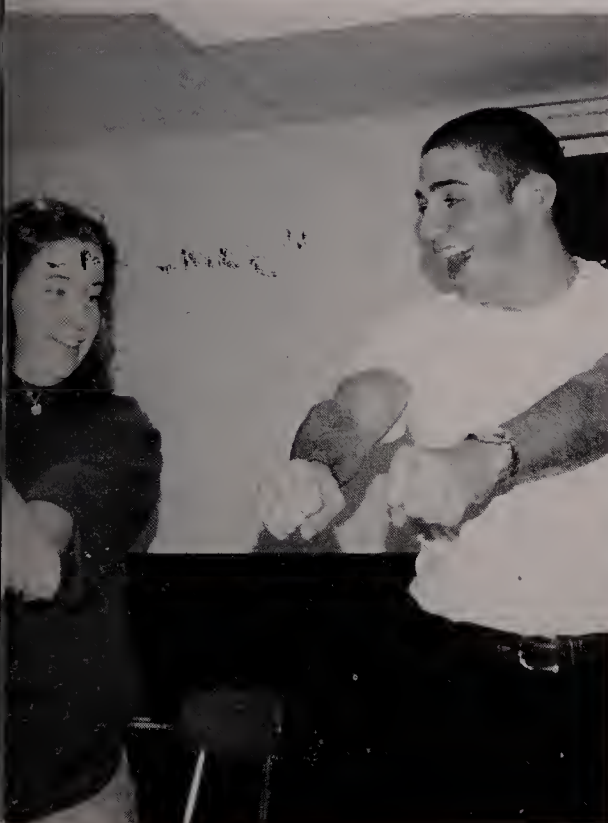

## *Pen, Paint & Pretzels*

“We provide a facet for most performance groups on campus and we provide tons and tons and tons of opportunities for people to perform and work in and around the theater.” - Brette Rothfield

“3P provides a love for theater and an umbrella organization to try new kinds of theater.” - Kaitie Sairlle

“Pen, Paint & Pretzels has been keeping theater alive for 90 years!” - Julie Otis

# Miscellaneous Organizations

*Chess Club, Golden Key National Honor Society, International Scholarship Committee, Monty Python Society, Paintball Club, Poets Society, Society for Creative Anachronism, Strategic Gaming Society*

**Monty Python Society:** We are the people who like the British comedy group Monty Python and wish to participate in activities that relate to Monty Pythonesque humor. Membership is open to everyone, from Monty Python experts to people who have never heard of Monty Python, from engineers to liberal arts students. We are very active on campus, and we like to have fun.

**The Poets Society** is a newly resurrected organization whose mission is to find the writers hiding on campus and in other Boston schools and bring them together to inspire one another. In prosaic terms, we are trying to build a literary community that spans the gap between students of different Alma Maters and those that move in different campus circles. To facilitate this, we are pursuing multiple projects. ARIAS (a rose is a stinkbomb) are small groups of writers that meet weekly to discuss and critique one another's work. Weekend excursions allow us to explore the literary history of Boston and the physical world beyond campus. With other universities, we hold informal readings and inspiration workshops, which introduce us to different perspectives and styles. In the spring, we hope to publish the first annual anthology of student poetry, which will include works from each school involved in the exchange.

The Ivory Keep at Tufts University is a part of the **Society for Creative Anachronism**, a group that studies and recreates the Middle Ages and Renaissance. Students from Tufts participate in many events and activities in the local area, of which, fencing and dancing are particular Jumbo favorites. During the 1999-2000 school year the Ivory Keep hosted such fun and interesting events as the annual demo on Carmichael Quad and the Ivory Keep University in March.

# Political and Community Groups

*Amnesty International, Burma Action Group, Council on International Affairs, Tufts Democrats, Ears for Peers, Environmental Consciousness Outreach, Friends of Israel, Leonard Carmichael Society, Oxfam Cafe/Oxfam Collective, Tufts Republicans.* . . .

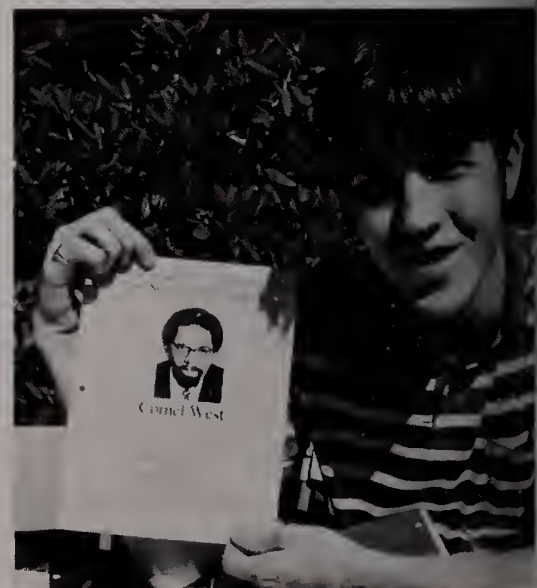

The **Tufts Democrats** has two purposes, to represent the Democratic party and increase political awareness on campus. We sponsor lectures by such people as former Governor Michael Dukakis. We have worked with several political campaigns, sponsored voter registration drives and debated the death penalty with the Tufts Republicans. Our members have written viewpoints in campus publications and worked for elected officials such as Senator John Kerry, President Bill Clinton, and many others. We also work with college democrats all across Massachusetts.

**Friends of Israel** is an organization that seeks to promote awareness about Israeli politics and culture. Although many think we are only a political group, we also are a cultural group. We do a variety of things from bringing speakers to campus to talk about the US and Israel to having Israeli Dancing and Falafel nights to having Hebrew speaking tables at Brown and Brew. This year we plan to bring a Congressman to campus to speak about the US relationship

with Israel or newly elected prime minister Barak.

**Oxfam Cafe** is a comfy student-run cafe, tucked away in back of Miller Hall. Run by nine managers and over 40 dedicated volunteers, the Cafe is both a quiet and cozy corner to study in and a place in which to hold meetings, poetry readings, art exhibitions. The Cafe is unique in that it donates all of its profits to Oxfam America, a NGO committed to finding long-lasting solutions to global hunger and poverty. Friday night it provides a home to the happenin', music filled Midnight Cafe.

**Oxfam Collective**, Oxfam Cafe's sister organization, shares its mission to support Oxfam America's efforts to find long-term solutions to hunger and poverty in Third World Countries. The Collective organizes a 24 hour Fast in the fall and a Hunger Banquet in the spring. Both events on campus serve to raise funds for and awareness of Oxfam's work.

# Political and Community Groups

... *Speech and Debate Society, Students Against Drunk Driving, Students for Ethical Treatment of Animals, Tufts Emergency Medical Service, Tufts Lesbian, Gay & Bisexual Community, Violence Against Children Awareness, Women's Collective, United Leaders for a Better Tomorrow*

**Tufts Men Against Violence** are a group of Tufts men dedicated to creating social change through personal activism, self-exploration, and education.

**Tufts Republicans** is an organization devoted to protecting the rights of each individual and the philosophy of conservatism, fiscally and socially.

The mission of **United Leaders for a Better Tomorrow**, a nonprofit, public service organization, is to promote statesmanship in politics across the country. United Leaders seeks to get more college students interested in a career of public service and to show people that you can enter the field of politics without compromising your beliefs.

The **Leonard Carmichael Society**, Tufts' community service umbrella organization, surpassed all expectations in this, its 41st year. LCS's 40 programs, which are completely student-run, were staffed by over 85 talented and dedicated Jumbos this year. These programs offered a variety of community service activities related to the issues of hunger, homelessness, mentoring, literacy, education, health, and other special interests. Since the spring of 1999, LCS has expanded on the diversity of its programming by accepting three new programs: Kids to College, Tufts Elementary Science Enrichment Program (T.E.S.E.P.), and College High School Alliance: A Nexus for Creative Education (C.H.A.N.C.E.). This diversity, coupled with an increasingly civic-minded student body, caused LCS's volunteer membership to soar above the 1000 mark last spring for the first time in over 20 years.

LCS welcomed the Class of 2003 and kicked off the year with some

"M.A.D."ness at the Made A Difference Rally and volunteer trips held during Fall Orientation. Over 250 incoming freshmen were inspired to get involved thanks to guest speakers President DiBiaggio and Robyn Gittleman. Hundreds of Jumbos enjoyed a night out on the town on October 1st compliments of the 4th annual LCS Semiformal. This year's event raised over \$4500 for the Welcome Project, a community-based organization in Somerville.

LCS members also planned more than a week's worth of concentrated LCS events during mid-October called Into the Streets. More than 30 events were offered to the Tufts community during these nine days. These events focused on both providing volunteer opportunities aimed at addressing the needs of the surrounding communities as well as educational events which

attempted to address the problems in the communities and potential solutions to them. In addition, LCS continued to increase its campus-wide appeal by publishing four more installments of the recently created LCS newsletter, Leonard's Letter.

The past few years have been on a long success story for the Leonard Carmichael Society. LCS would like to thank all the Jumbos who took the time to make a difference this year. Each one of you is a hero. And a very special thanks to the Class of 2000.

Because of your compassion for others and dedication to your community, you have changed countless lives in the course of your years at Tufts. Always remember where you got this passion from, and be sure to spread it wherever you go.

Best of luck in all you do.

# Social

## Programming Organizations

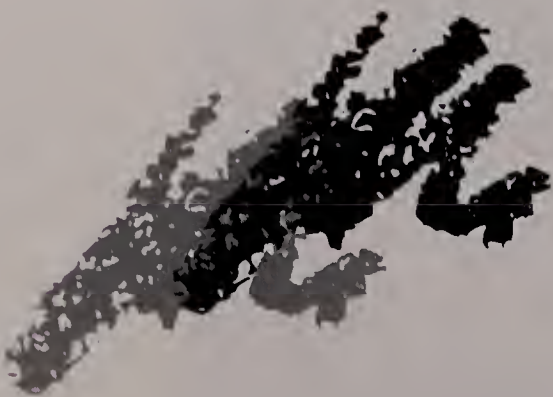

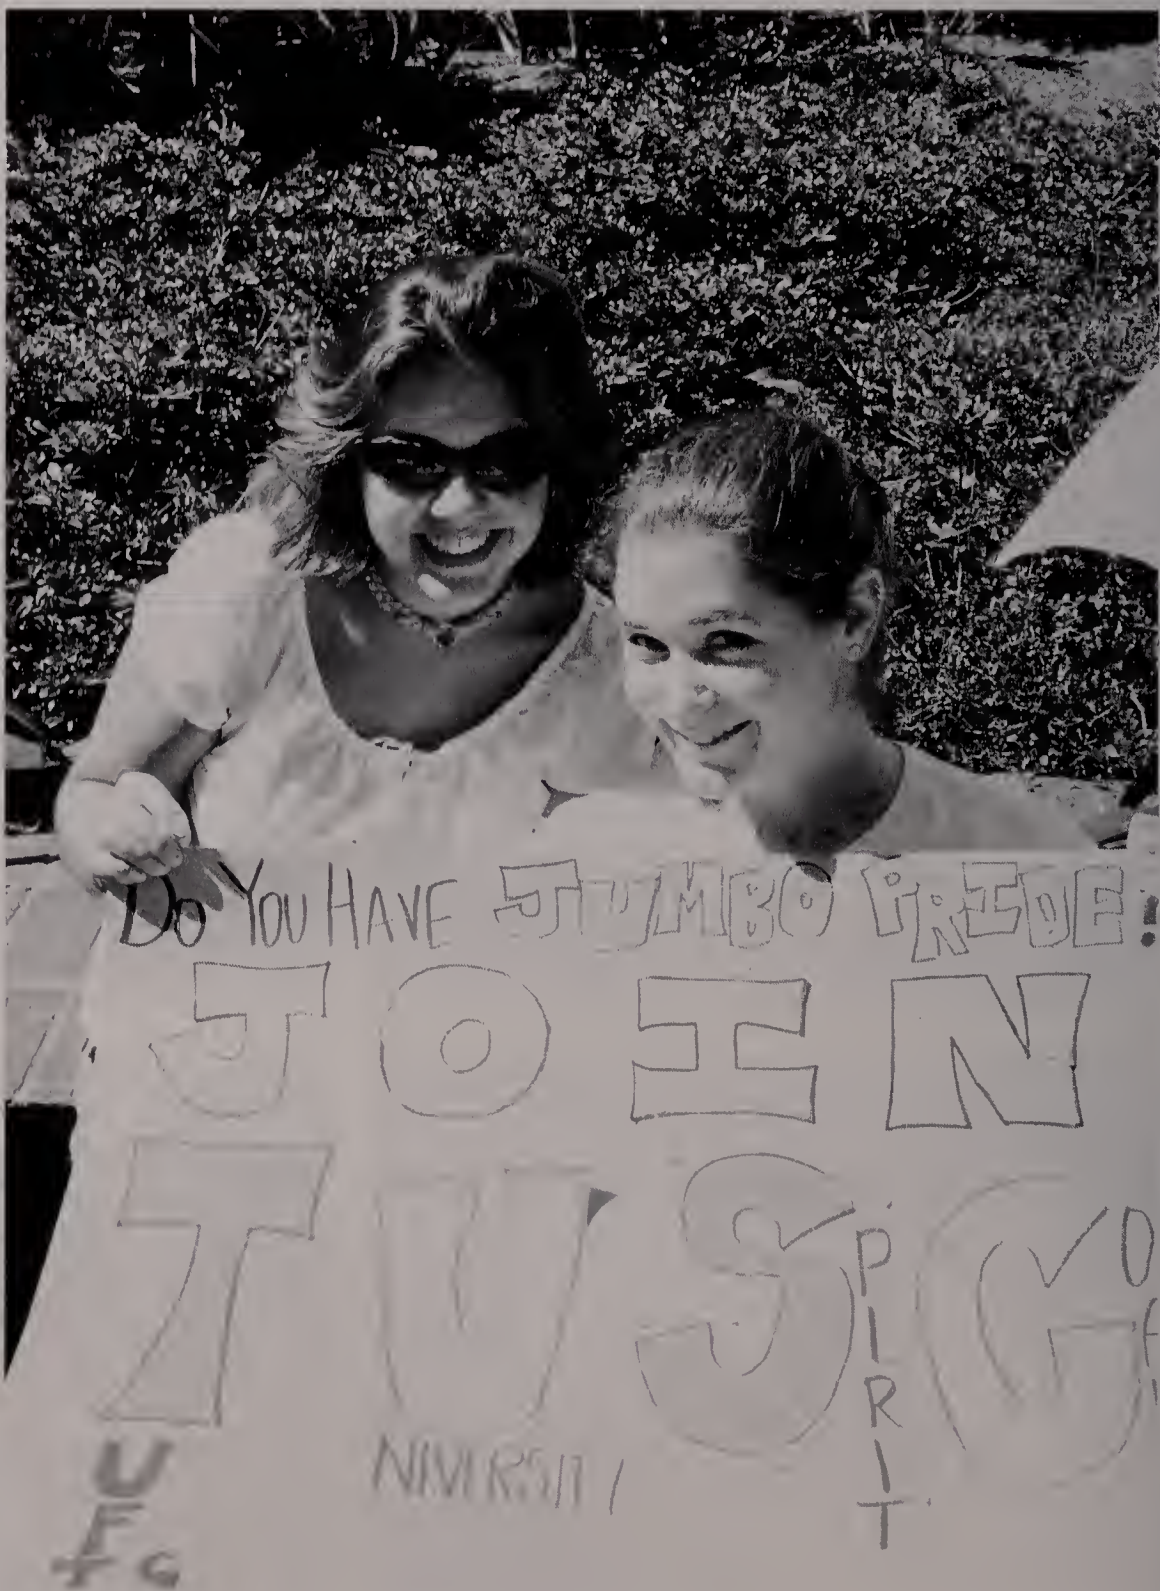

*AppleJam, Midnight Cafe, Off-Hill Council, Programming Board, Class Councils, Concert Board, Entertainment Board, Film Series, Lecture Series, Spirit Collation*

**Senior Class Council** is comprised of a group of seniors that work all year to bring activities and class spirit to the Tufts campus.

The mission of the **Concert Board** is to provide quality music entertainment for the Tufts Community by opening our stage to both local and national music arts. We produce four concerts each year, the largest of which is Spring Fling on the President's Lawn. We also run an annual "Battle of the Bands" to allow Tufts-based bands to compete to open for larger headlining acts. As a board, we vote on which acts to bring ton Tufts, as well as work security for each concert. CBKA!

**Tufts University Spirit Coalition** is responsible for improving the sense of community and general morale at Tufts through social programming. Our goal is to increase the spirit and Tufts pride on campus by helping plan Orientation, Homecoming, Winter Weekend, and Spring Fling, in addition to many other events.

# Pre-Professional Groups

*American Society of Civil Engineers, American Institute of Chemical Engineers, American Society of Mechanical Engineers, Biomedical Engineering Club, Black Pre-law Society, Economics Society, History Society, Human Factors and Ergonomics Society, Institute of Electrical and Electronics Engineers, Investment Club, Math Club, National Society of Black Engineers, Philosophy Colloquium, Pre-Legal Society, Pre-Medical Society, Psychology Society, Robotics Club, Rotaract, Society of Women Engineers, Tri-Services Organization, Tufts Lighting, Sound, and Video, Tufts Student Resources*

The **Tufts American Institute of Chemical Engineers** is an active group of the undergraduate chemical engineering students. We organize field trips to local plants to give members a better understanding of what chemical engineers can do. AIChE serves the students by bringing in guest speakers from industry, fostering a cooperative environment for students to work together, and creating a network of advice and help for underclassmen to be guided by older students in their journey through chemical engineering at Tufts. We also hold several fun events, including a trip to the Boston Museum of Science, an annual trip to Busch-Brewery in the spring, and a "subs and study" night during finals, where ChemEs can pool their knowledge over snacks and a party sub. It's been a great year for AIChE, and we hope for many more!

The **American Society of Mechanical Engineers** gives students a chance to delve deeper into the field of mechanical engineering than is otherwise possible in the classroom. Through ASME, students can work

on hands-on projects to enhance their skills such as the Soapbox Derby or the Oxfam Hunger Project. Students also have the opportunity to visit companies, go on tours, and attend seminars in an effort to find the branch of mechanical engineering that best suits the individual.

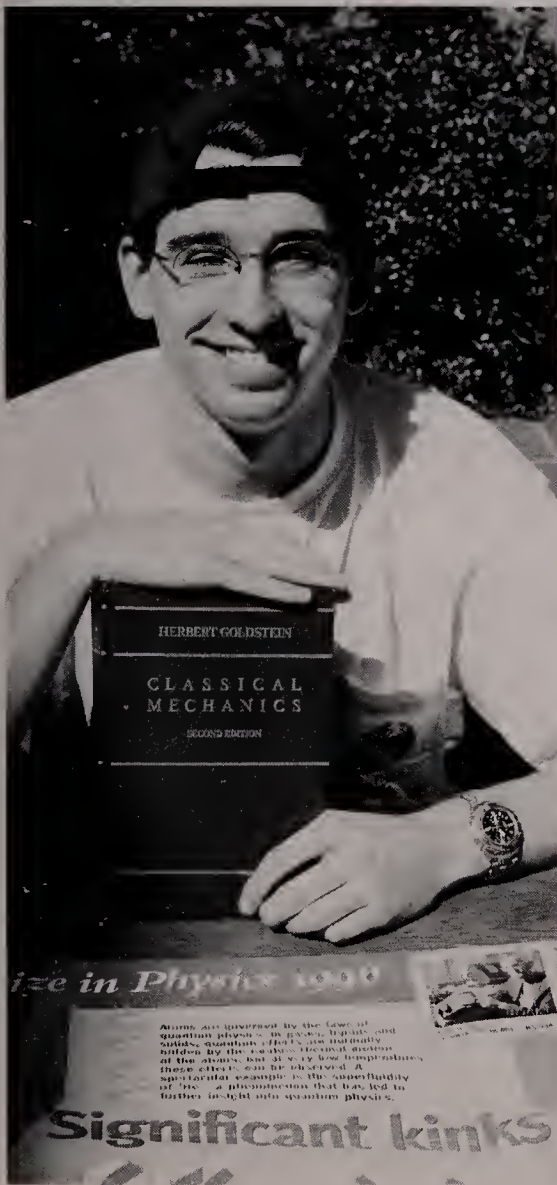

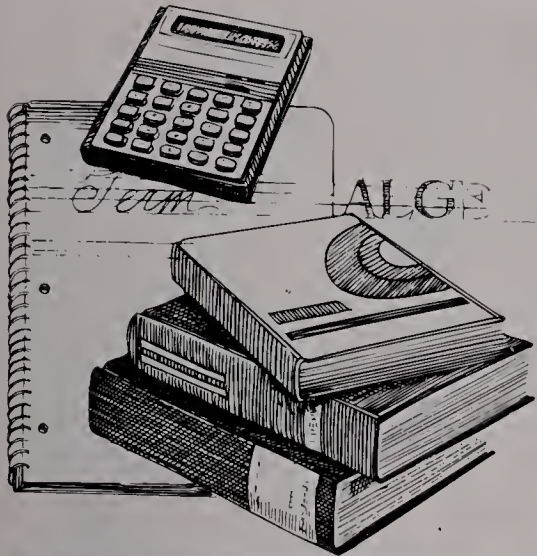

It is the goal of the **Tufts University Pre-Veterinary Society** to provide a resource for pre-veterinary students from which they may attain knowledge about veterinary application requirements, the veterinary application process, and volunteer opportunities. We also work to promote veterinary knowledge and animal welfare through current veterinary topic, community involvement, and fund raising.

The mission of the **Society of Physics Students** is to provide an enhanced academic and social experience for Tufts students interested in physics and to promote general public interest in physics.

The **Society of Women Engineers** is a group of female engineers representing women's interests in engineering. We are aimed at engineering outreach to younger girls, professional development and guidance for female engineers at Tufts and social activities to provide unity among the engineering community. Some of our main events include a student-faculty dinner and awards ceremony, various seminars and conferences involving networking, and a girl scout badge workshop. We have a lot of fun and over 100 members!

# Religious Groups

*Asian Christian Fellowship, Catholic Center, Christian Fellowship, Episcopal Student Fellowship, Hillel, Islamic Society, Orthodox Christian Fellowship, Protestant Student Fellowship*

As the second largest student organization on campus, **Hillel** holds numerous events for the entire Tufts community. Being the center for Jewish life on campus, we provide services and meals for Shabbat as well as for all of the holidays throughout the year. But our programming is not restricted to these religious activities. We plan a yearly semiformal, have a night of jazz and fondue, bring in speakers from around the country, hold a weekly text study, and bring together hundreds of Jewish students from different backgrounds at over two hundred programs throughout the year. This year was the first for our Tzedek Hillel Initiative,

bringing together social justice and Jewish learning in a meaningful way. This year was also the fourth year for our popular freshman retreat, the third year we sent a group of students to the United States Holocaust Memorial Museum (in conjunction with the LGBT Center), and the first time that we have ever sent 60 students to Israel absolutely for free! Hillel is a place where all are welcome, and we constantly look forward to meeting new people and having them involved in our wonderful programming.

The **Orthodox Christian Fellowship** was formed to bring Orthodox Christian students together who are interested in learning about living the New Testament Faith through discussions, prayer, services, and fellowship. Our OCF is made up of Eastern Orthodox Christians from a variety of ethnic backgrounds (Greek, Russian, Romanian, Serbian, Lebanese, Egyptian, Ukrainian, Armenian, Bulgarian, Albanian, Ethiopian, Syrian, and American) and gives Orthodox Christian students an opportunity to grow in Faith and Tradition. Our purpose is to foster a sense of community between all students of the Orthodox faith and to develop a fruitful relationship between them and to better campus life through fellowship, social events, lectures, retreats, church visitations, and Orthodox Christian Liturgy and worship.

**Tufts Protestant Student Fellowship** is an on campus group, designed to meet the needs of all forms of protestant worship, including service, bible study, retreats, and dinners. Main activities include: Fall Concert (free admission), Spring retreat, weekly service (Episcopal Priest and Fold rock guitarist Sunday 6:30), and various dinners.

## "Yes, we have a yearbook"

It wasn't easy. At the beginning of the year, the yearbook staff consisted of one unsuspecting editor-in-chief. Prospects looked good, however, after the first activities fair; it looked like there was a great interest in the Yearbook and it seemed the book would go off with out a hitch. Over a relatively short period of time, meeting attendaence dwindled. Soon, the staff was down to its core of nine very enthusiastic, dedicated and hard-working editors.

Although there were a few problems – late nights, late deadlines, computer crisis' – everyone pulled together to produce one of the best books Tufts has seen in recent memory. Awareness and interest were raised across the campus and record sales were recorded. All of these successes despite it's small size and lack of university yearbook experience, the Jumbo staff persevered and surpassed expectations.

I would like to takes this time to thank my staff for all of the hard work and time they poured into this book. The yearbook is a memory book.

Kristin Romandetti, Editor-In-Chief '00 Jumbo

Although its utility may seem unclear now, 10, 20 or even 30 years down the line, I promise that it will be pulled out of the back of the closet, dusted off and carefully leafed through, bringing back smiles and (hopefully) laughter, in remembrance of four amazing years at Tufts. When looking through this book at the next reunion, remember the awesome staff who helped make the 2000 Jumbo possible:

Erica Chazin, Rina Eisenberg, Diana Fischman, Emily Harris, Jocelyn Hall, Laura Horwitz, Melissa Lobel, Jenna Koch, Liz Mullane, Missy Pope and Maria Staroselsky.

A very BIG thank you to a few more people who, without them, there would be no yearbook:

Tom Kelley, Jostens Representative; Caren Orlick-Korin, DaVor Studio lifesaver; Paul Sweeney, Sports Information Coordinator; Frank Nocito, Budget Coordinator; TCU Treasury; and Jodie Nealley and Dot McAveeney, Office of Student Activities.

Thank you everyone, without you this would not have been possible!

"The best thing about yearbook is even though we're small and not that many people know about it, we have a lot of energy and new ideas to improve the book."

*Laura Horwitz*

Being part of the yearbook staff is a great way to become more involved and learn more about Tufts University. Having worked on the clubs and organizations section, I've discovered a lot of clubs I never knew existed. Tufts really has a lot to offer to a variety of students."

*Sports*

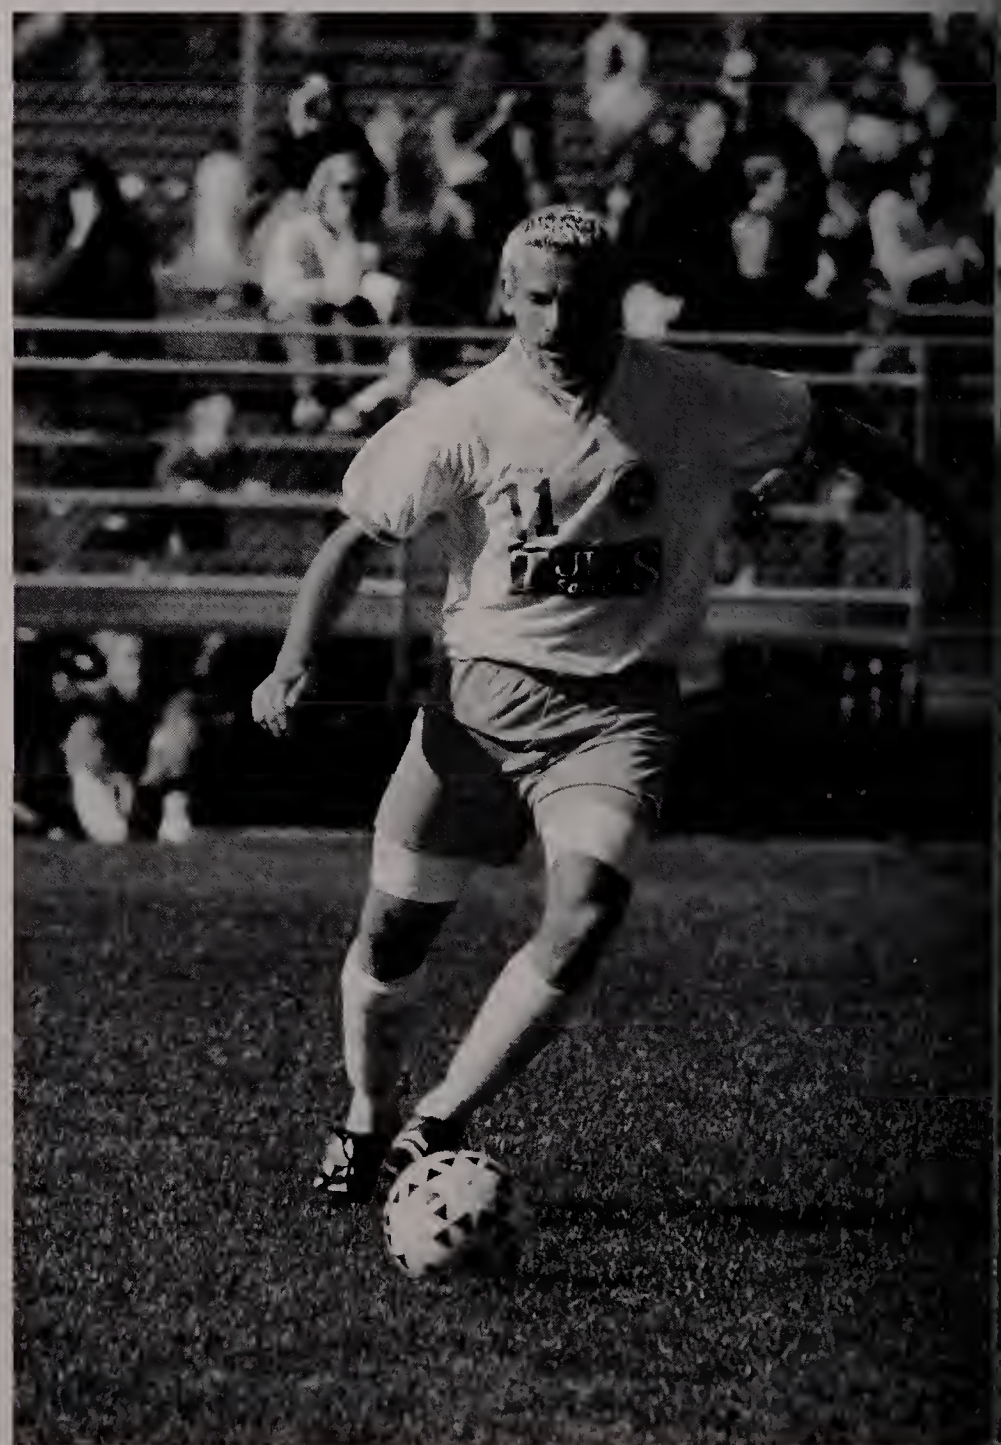

"Our most memorable moment this season was when we beat Middlebury in our last home game of the regular season."

-Matthew Adler

"Overall, we had a successful season. We had a tremendous number of injuries that hampered us throughout the season, yet we managed to work through them to get to the NESCAC."

-Matthew Adler

## *Men's Soccer*

## *Women's Soccer*

"Our goals: To be the best we could possibly be, in skill, spirit, and intensity. To make sure we were always having fun and giving it our all, in practice and in games. To make sure we always came off the field feeling as if we could do no more."

-Eden Hauslaib

"She who has the will to win cannot be beaten!"

-Eden Hauslaib

# *Football*

“Our team goal was to play as hard as we could and to play to the best of our ability. The most memorable moment to this date was our come from behind victory against Bates. That win was an indication of what kind of team we have. That is, a team that never gives in and fights to the end.”

-John Routhier

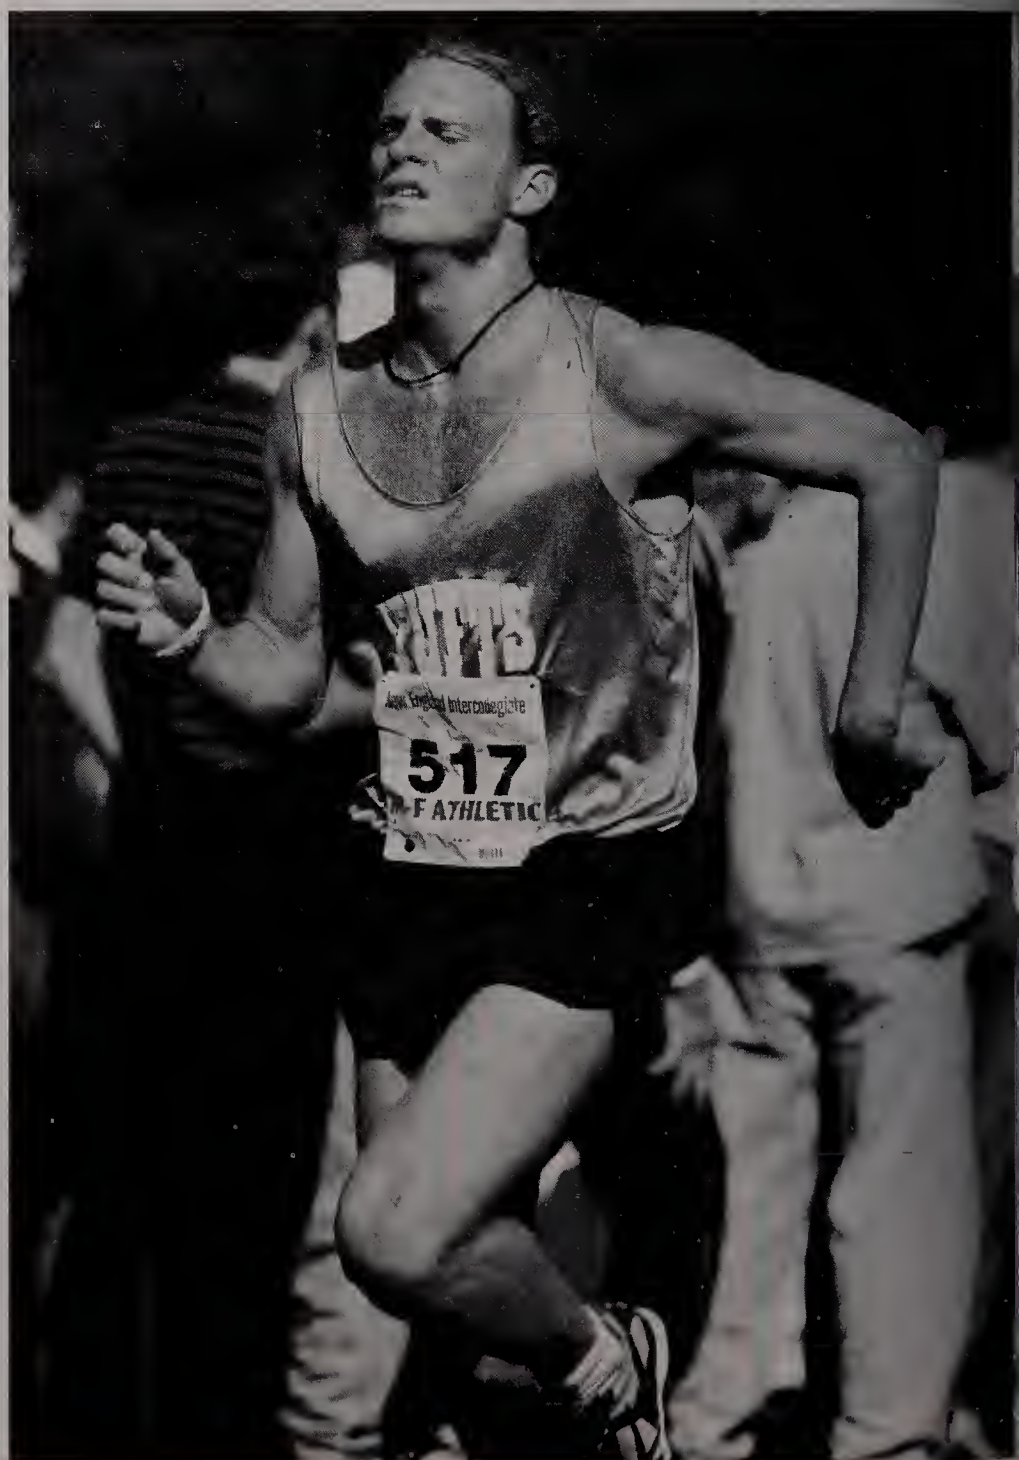

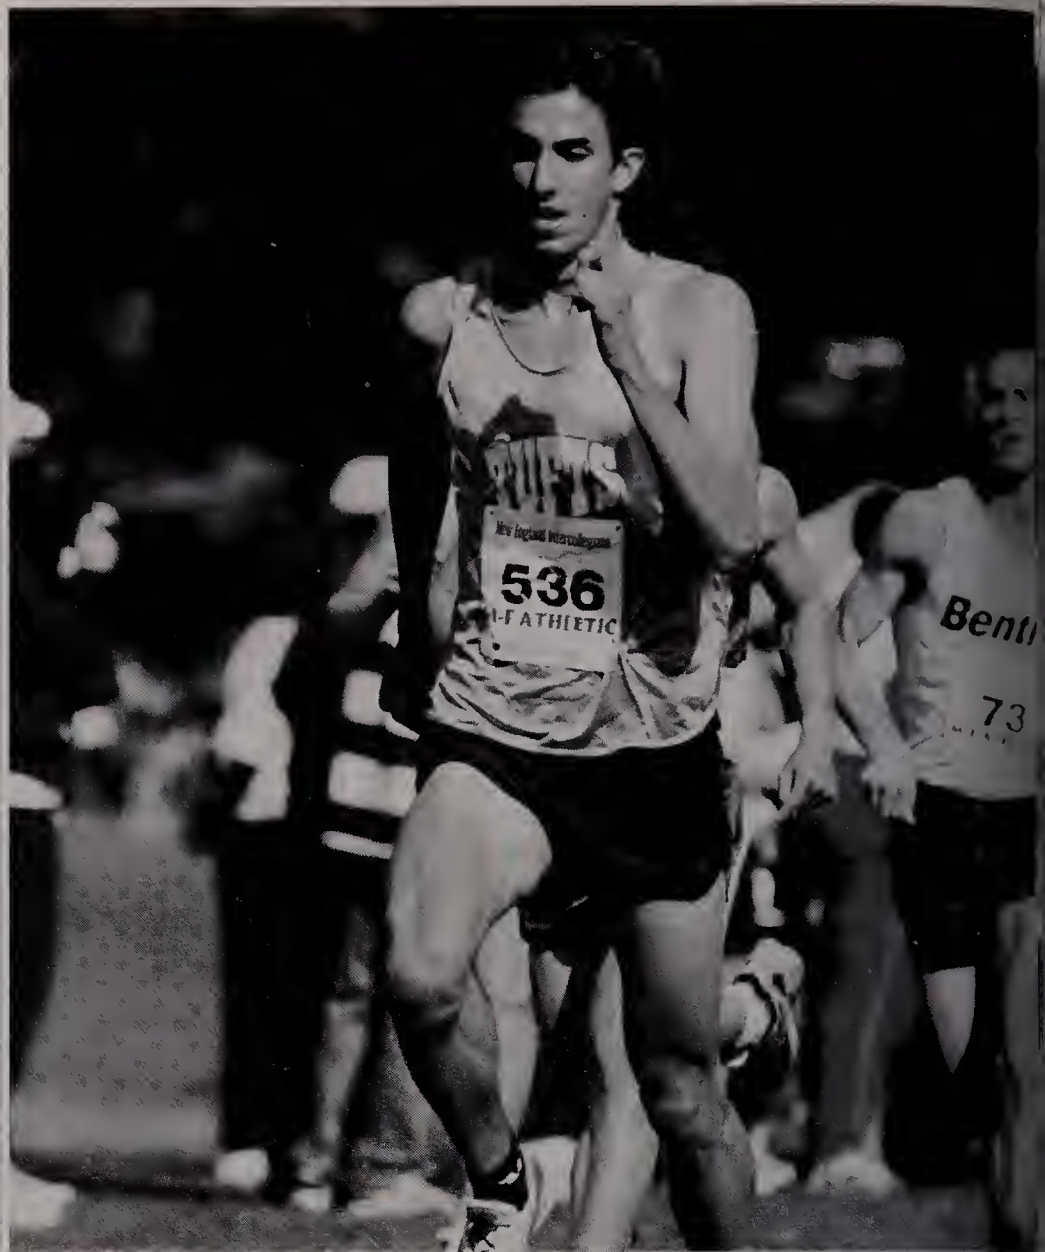

“Do or do not.  
There is no try.”  
-Yoda

## *Men's* *Cross Country*

## *Women's Cross Country*

**“This is the best cross  
country team to come  
through Tufts in many years.  
All it took to get to the  
National Championships was  
the belief that THAT was  
what we were: The Best.”**

**-Caitlin Murphy**

# Co-ed Sailing

"One of the most memorable moments of the fall season came when we placed second in the COED Atlantic Coast Championships."

-Megan Edwards

"Overall, it was a very successful fall season. We had a very talented incoming freshman class, which will help the team to be competitive for many years to come. The women's team also continued to dominate as it has in years past."

-Megan Edwards

“Tufts Women’s Tennis had an outstanding season and with only one senior leaving, we hope to continue to be on the upswing next season.”

-Sucharita Kuchibhotla

“The Women’s Tennis Team had a great Fall season. After finishing 4th in the NESAC’s, we finished 4th in the Eastern Region as well.”

-Sucharita Kuchibhotla

## *Women’s Tennis*

"Our goals for this season: 1. to have fun; 2. to win, lose, and play as a team; 3. to make tournament play."

-Meredith Le Roux

"The fairly unsuccessful beginning of the season made us all realize that we had to give that much more and play that much harder in order to succeed."

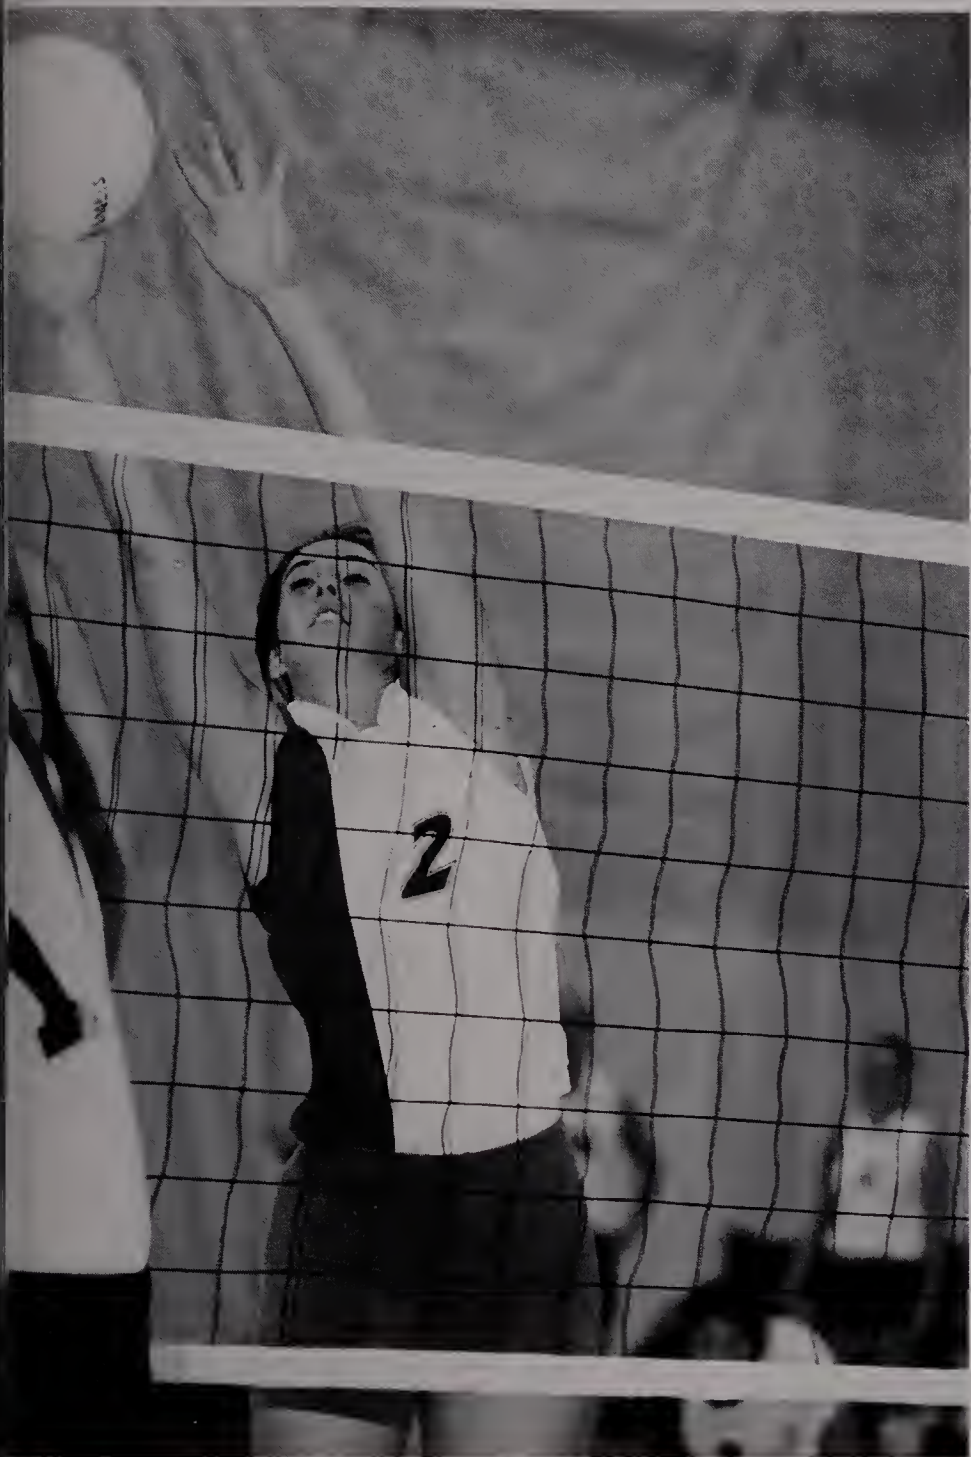

-Sarah Christie

## *Field Hockey*

## *Women's Volleyball*

"I guess I could say that even though we had a disappointing and frustrating season on the court, I think I can speak for the whole team when I say that it was a good team experience off the court. Our team was a great bunch of girls. As the only senior, I will miss this team tremendously, as I will miss Tufts Volleyball in general, as well."

-Dana Cohen

"This year's team is a young one that will be lead by the junior class, as both captains are juniors."

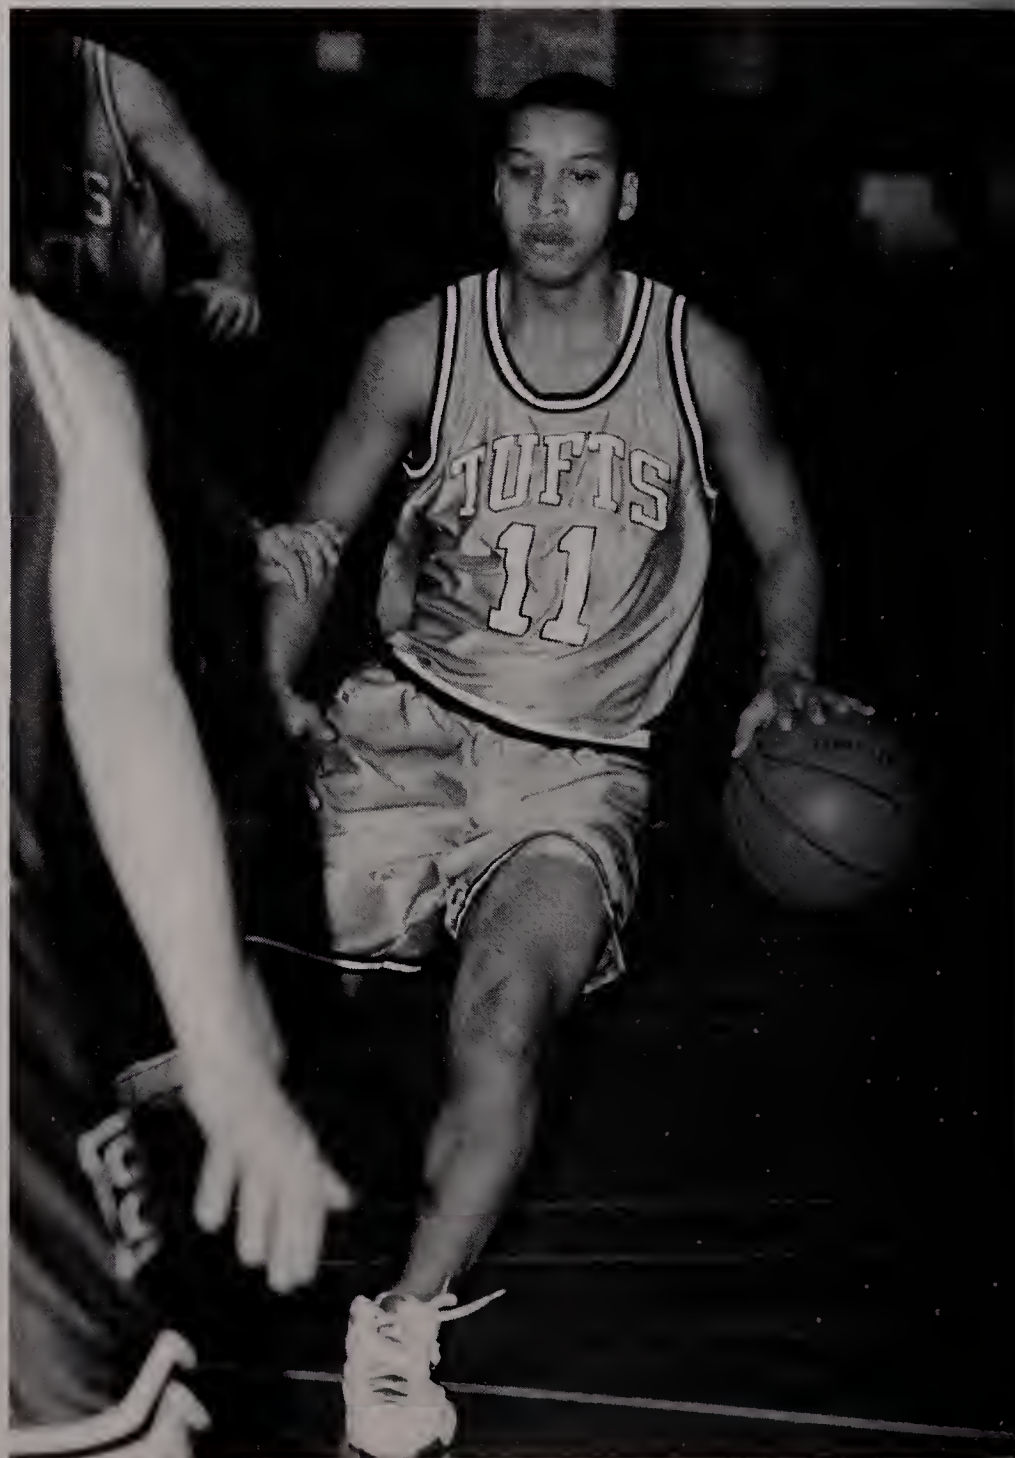

-Dan Flaherty

"This young Jumbo squad is looking forward to an exciting season and surprising many opponents in NESCAC."

-Dan Flaherty

## *Men's Basketball*

# *Women's Basketball*

**"I don't know how I  
would get through  
the daily academic  
grind of Tufts  
without the swim  
team there to keep  
me sane."  
-Debbie Stein**

# *Ice Hockey*

**"Our goal this season is to win our league and go to the NCAA tournament. Last year we had a strong season and we look to do significantly better this year."**

**-Drew Carleton**

**"The team is led by a talented group of upperclassmen and also a good crop of freshmen who can put the puck in the net."**

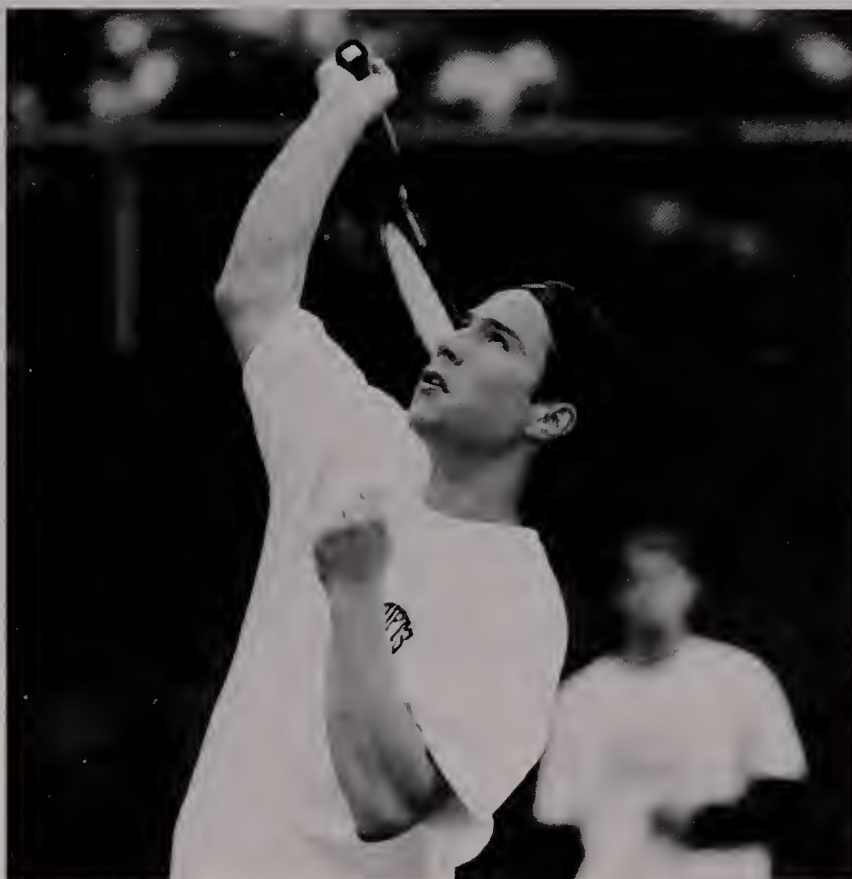

**-Drew Carleton**

## *Mens's Tennis*

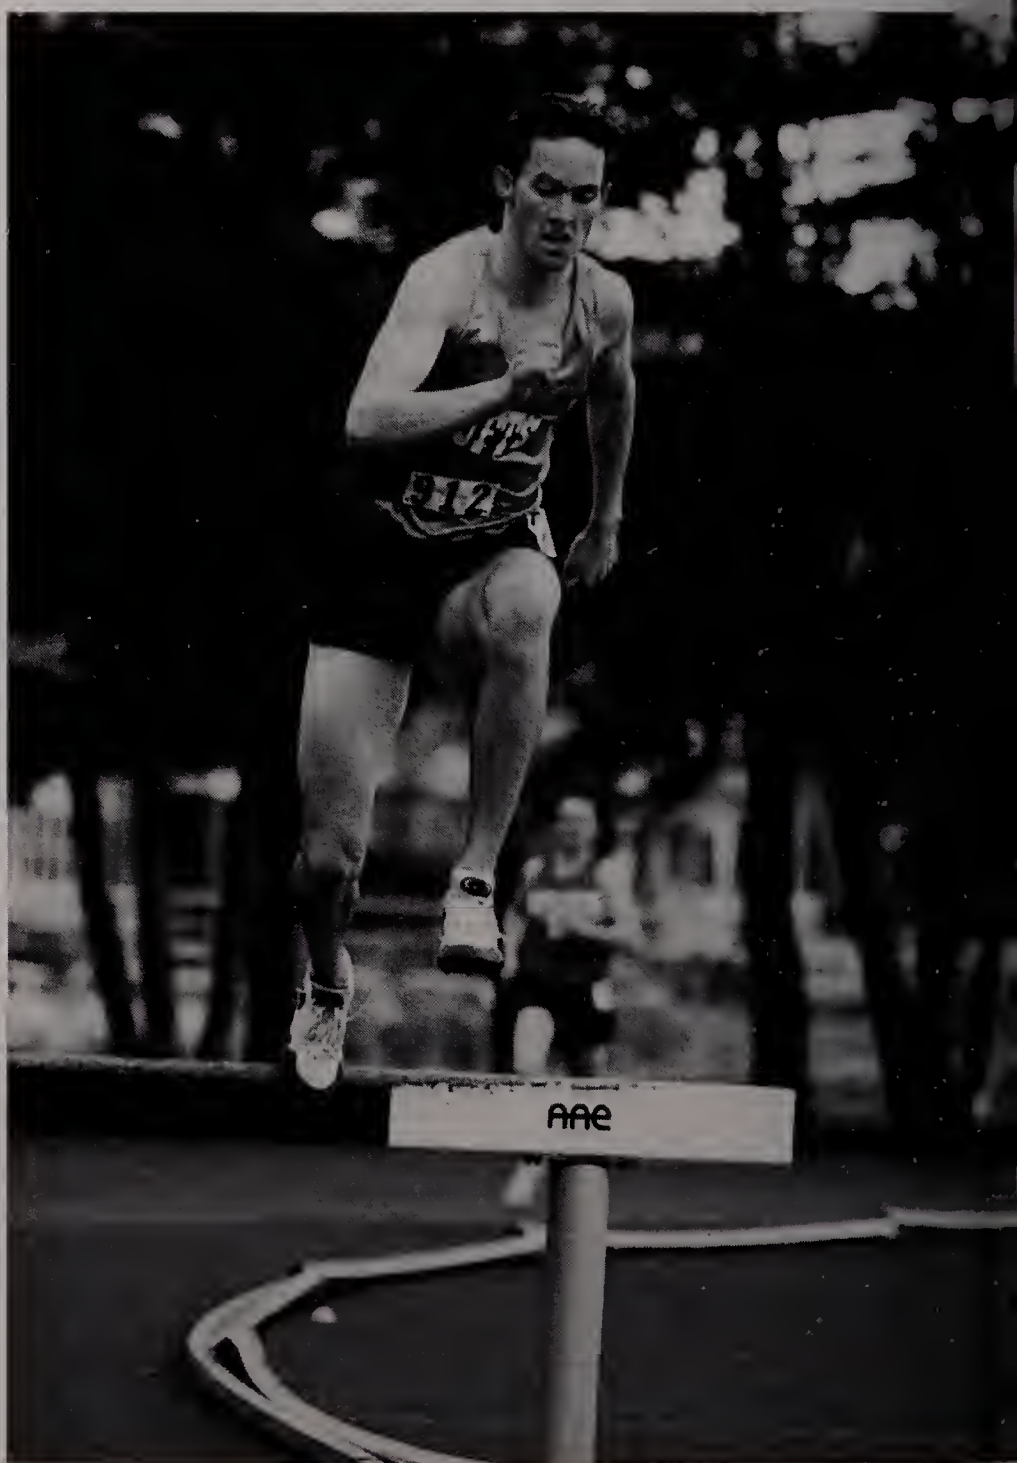

"There will only be one junior and one senior this season. It will be a very young team, but there are many good freshmen who have joined. We all have high expectations for the upcoming season and we are prepared to work hard and achieve our goals."

-Sen Siva

*Men's*  
*Track*

# *Women's Track*

"The lacrosse team has been strong throughout the past few years and I anticipate that will continue through this season.

Our major improvement has been in the coaching of the team, which has helped us play an even better game. We have the potential to make the ECAC's, as well as the NESCAC's."

-Josh Kirshner

## *Men's Lacrosse*

## *Women's Lacrosse*

**"Although we are a young team, we're looking forward to a challenging and successful season. Our goal this year is to make post-season play."**

**-Jen Gregorian**

“This season is going to be one where we are learning how to piece everything together. We lost many veterans, but we gained many freshmen. This season will be spent working to integrate the team. This will be a growing season where people need to step up to leadership positions and push the team forward.”

-Emily Harwood

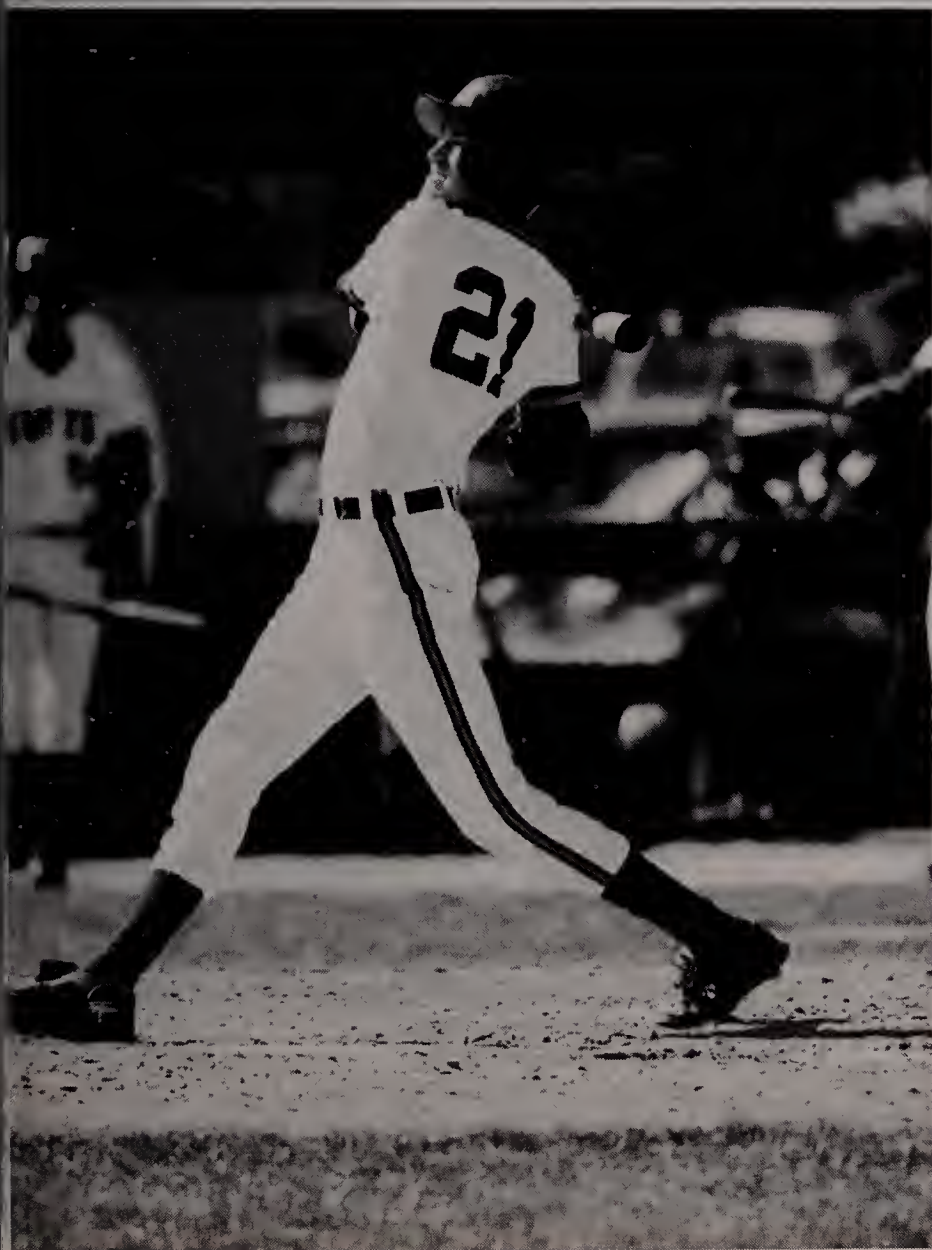

*Softball*

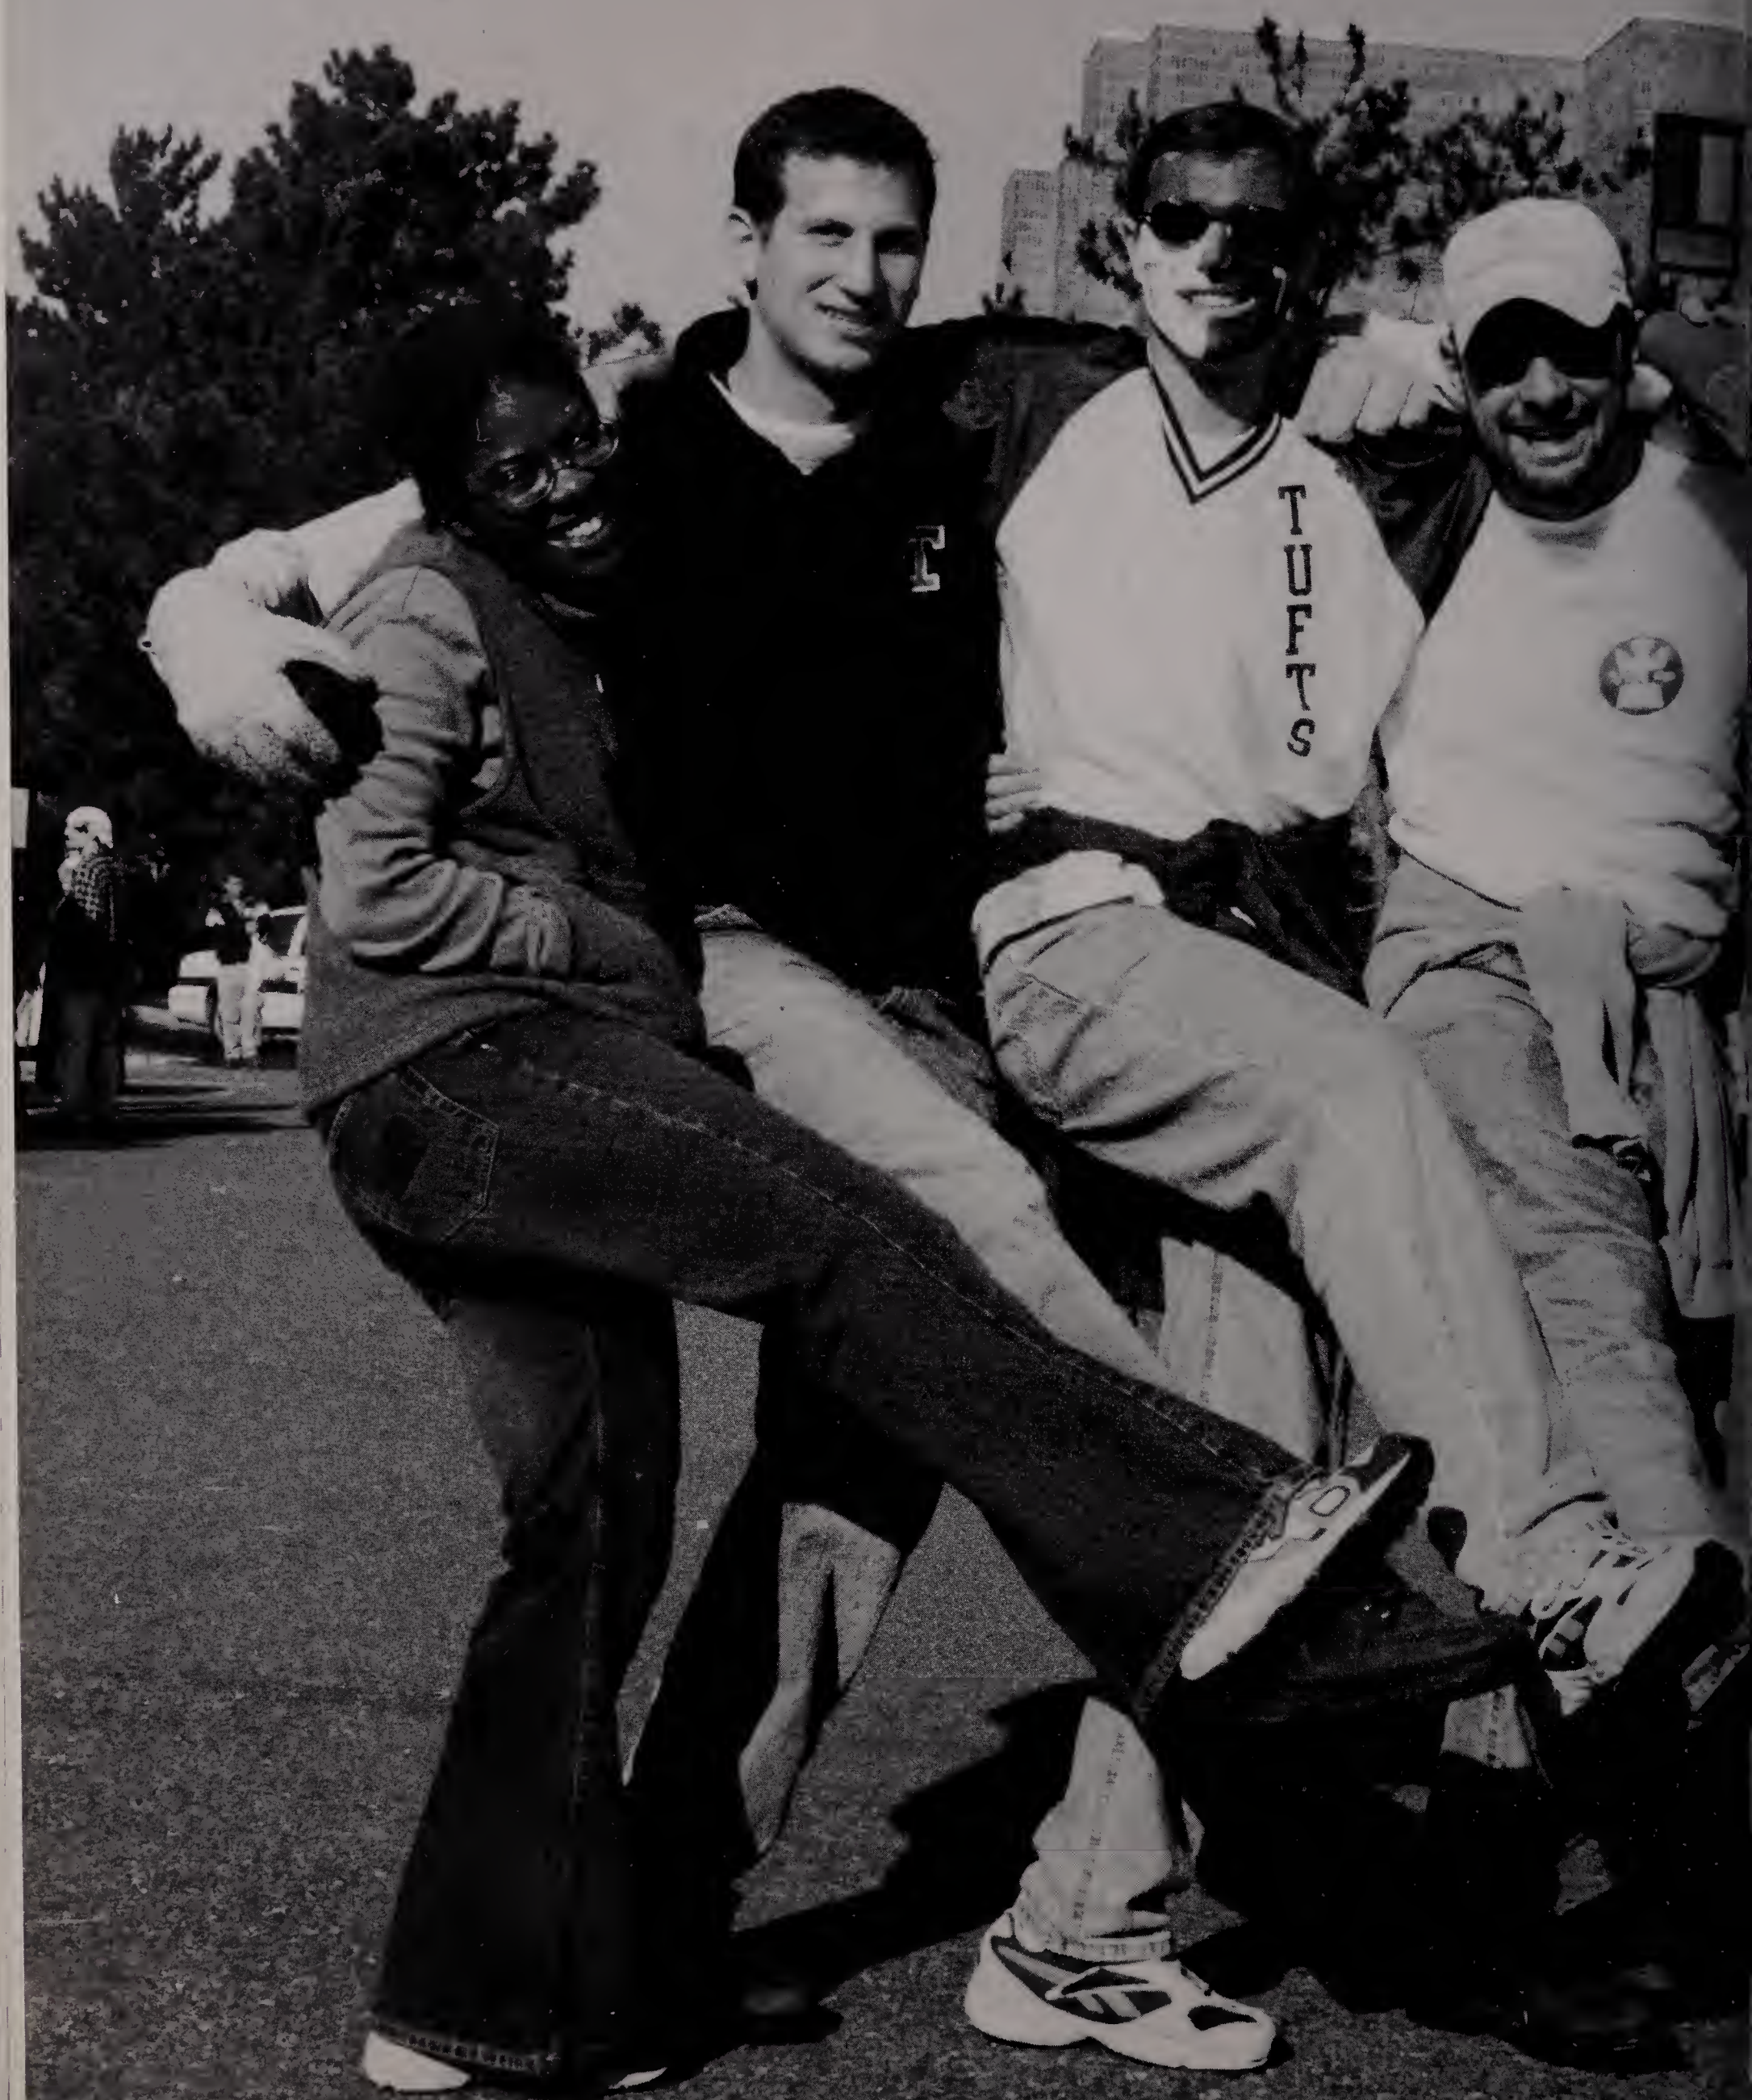

## *Baseball*

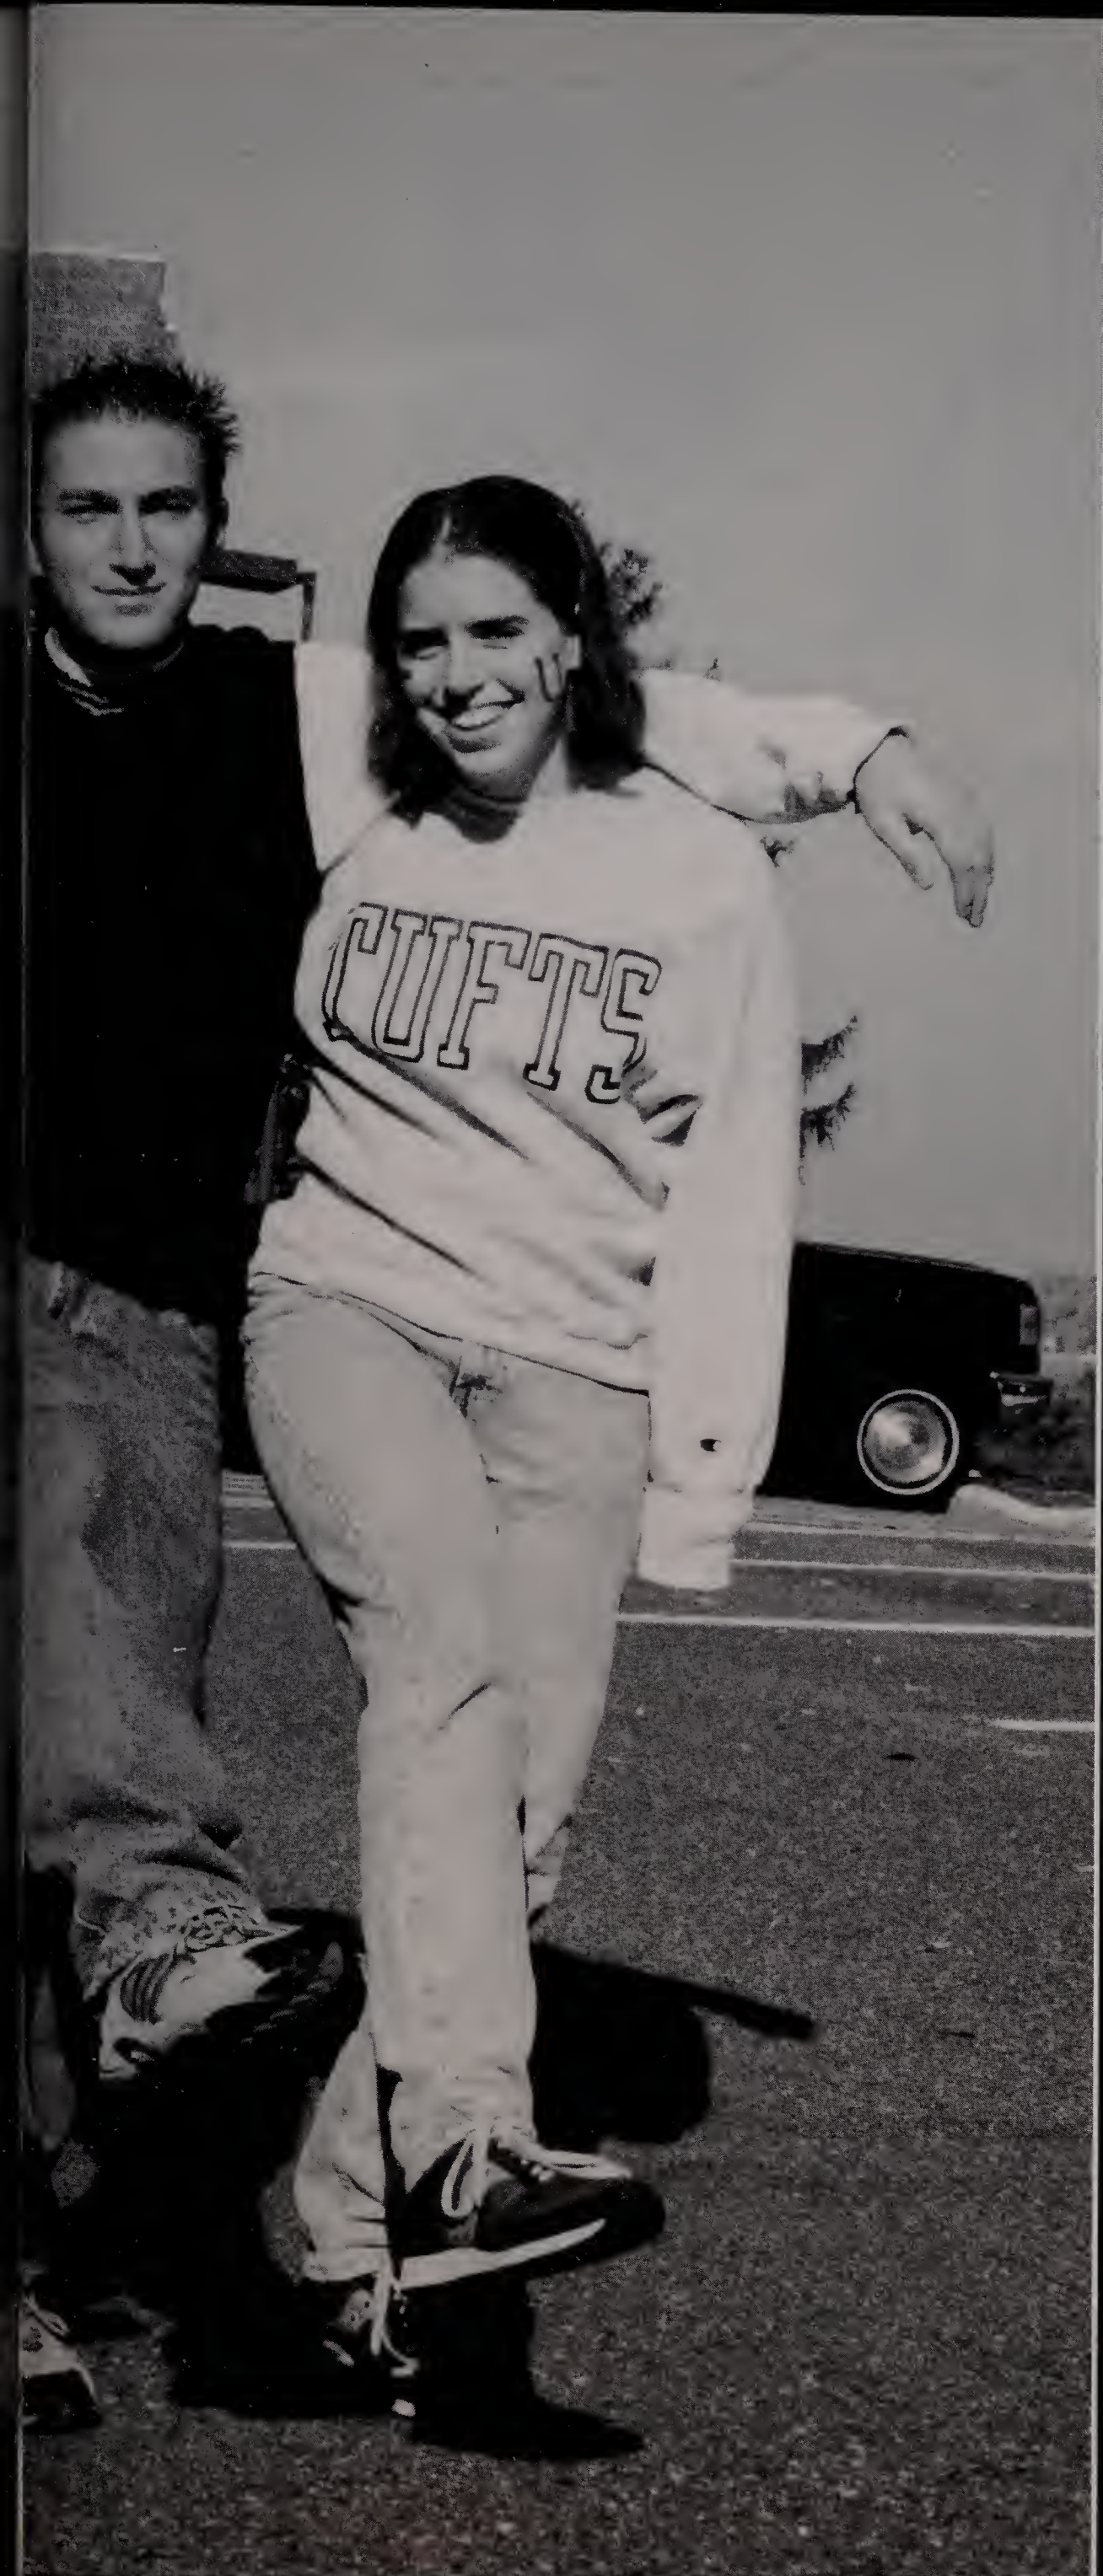

**“We’ve lost a lot of good players, who have been leaders for the team. There are many freshmen who will be playing for us and they will learn from the returning upperclassmen. We are all excited and ready to work hard.”**

**-Zach Brown**

*Shawn Modell is now all grown  
And is living on her own.  
Her early life is just a blur,  
College has been good for her.*

*Not only has she grown in age,  
But she's taken center stage.  
With interests and accomplishments  
Too long a list, so let's condense.*

*Economics is her skill,  
Communications are a thrill,  
Add to that the stock exchange  
And internet, no longer strange.*

*Aside from academics, she  
Is busy as a bumble bee  
With acting, singing, tennis and  
Dancing to a real live band.*

*Decorating, on the side,  
Reebok's intern, all in stride,  
Modeling a Modell ad,  
Career in retailing – not bad!*

*Tall and beautiful is she,  
A nice chip off her family tree.  
So here's to Shawn Modell's career,  
And 2,000 – what a year!*

*My darling Shawn,*

*Today we are celebrating the most exciting and momentous day of your life in the new millennium. You have graduated from one of the finest learning institutions in the country. Your focus was to receive a well-rounded all-encompassing education from your prestigious university and to use this to prepare yourself for your future endeavors.*

*In the process, you have developed into a special and unique woman with many talents. Your vision, skill and work ethic have guaranteed your present success. These outstanding qualities in addition to your fine character and bubbly personality will serve you well in the future. Your attitude, kindness and thoughtfulness have been an inspiration to all that know you. You have met and conquered all challenges with a fierce determination to succeed. You have gained the respect and admiration of all of your professors, peers, friends and family. It has been a blessing to watch you grow and develop into the special young woman that you have become. I respect your value system, fine character and your high standard of excellence.*

*You have a brilliant future ahead of you and you will be richly rewarded for all of your efforts and dedication to hard work.*

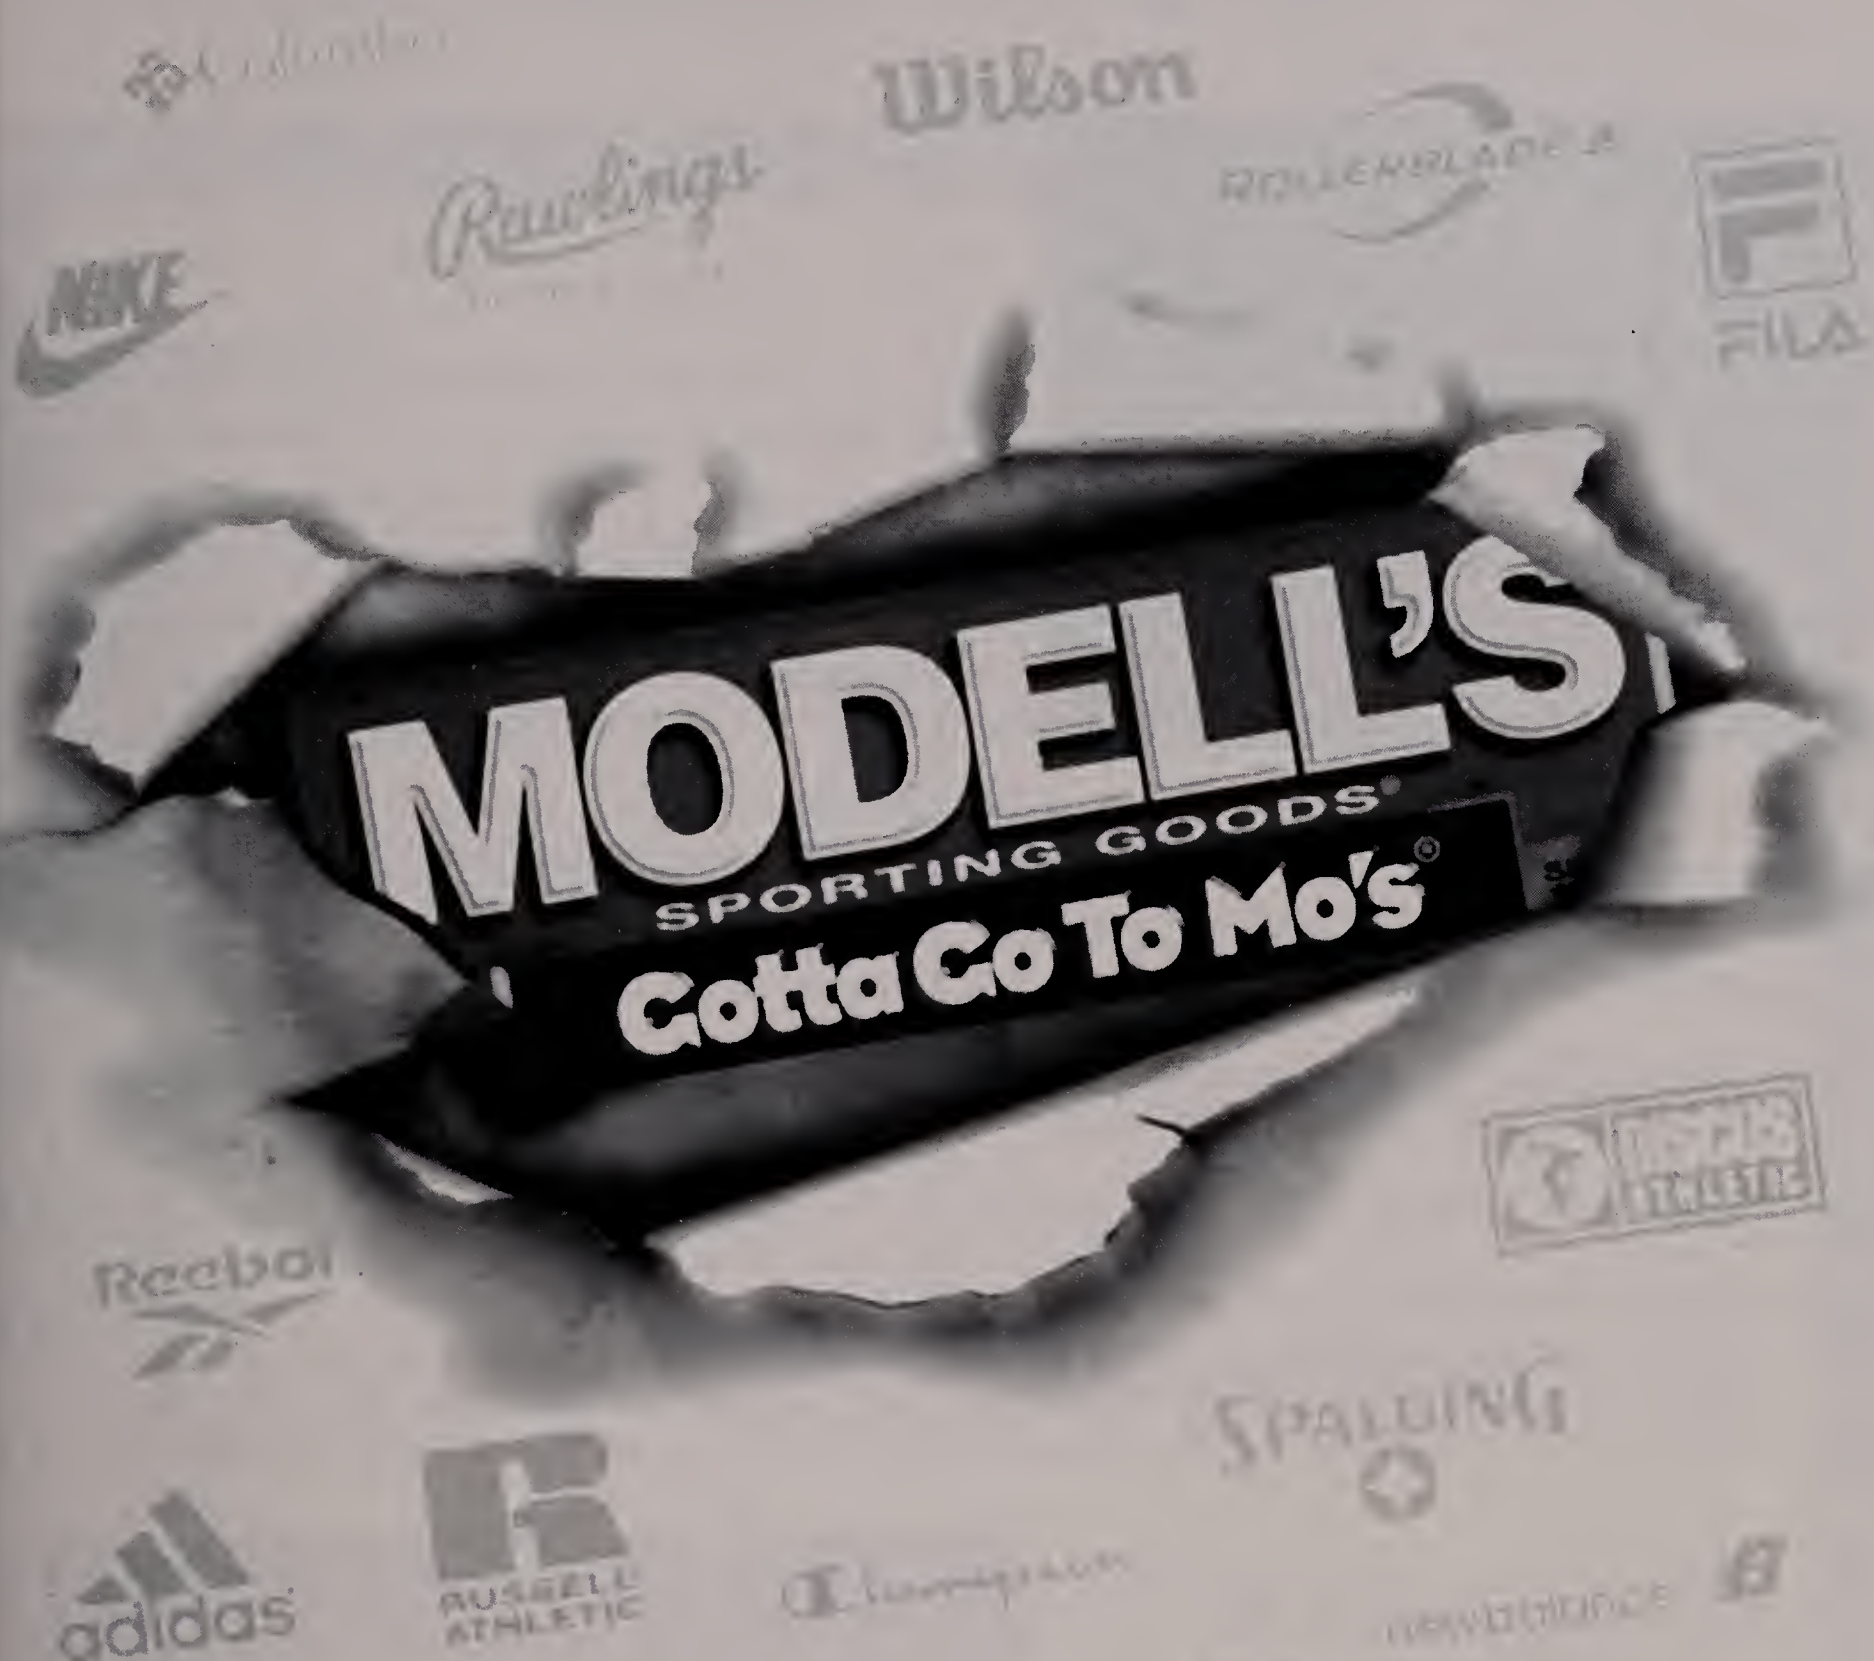

*I pray that all of the days of your life will bring you the happiness and success that you so richly deserve.*

*Good luck my treasure,*

# Marina Novoa

May 21, 2000

Darling Marina:

## MEMORIES

After having 3 sons, this was Dad's last chance for a daughter and Mom desperately wanted another child. Months later out "popped" our beautiful Marina with a full head of dark brown hair--what a fabulous emotional experience it was. Mom breast fed you for 8 months--it was hard to stop, she loved you so much. As you began to grow, walk and talk, you uttered your first word, "self," a word that has transcended your entire life.

Dad loved to feed you cheerios, remember. "That stupid little girl with that dumb face cannot get us, we are quicker than she is. Hey watch out, here she comes! Aughhhh!"

Then came nursery school--what an angel you were, but tucking you in sometimes proved difficult--when we kissed you, we would get an elbow in our face.

Public school was next, what a disaster. With screaming teachers, it was so difficult for you to learn, you were so frustrated. Combining that "c" word with "self" was an impossibility.

Ice skating was fun--you sure enjoyed all your birthdays at Skyrink. Horseback riding was your specialty. Wow! what a jumper, a natural.

You started studying piano when you were tiny, after being inspired by the "Snake Charmer," we always knew you had talent. Sara kept teaching even though you had trouble practicing, but finally you had a breakthrough and how wonderfully you learned to play.

The Dalton School, your middle school/high school, was a fabulous place. It was difficult at first, but you persevered, you had an inner strength that would not quit and you certainly succeeded: First cellist, captain of the soccer and softball teams, the award for athlete of the year and your "One Woman Show." Wow! what a show with its arias, cello and piano concertos. You finally succeeded in fusing your "self" with that elusive "c" word.

Finally, came college!! What a shock, you got into Tufts University. You were surprised, but we weren't. We knew the strength of character you had, the will to surmount all obstacles that had and would confront you. It has been a great four years. You certainly expanded your world. You really have grown.

Now that graduation is here you must know how much we love you and how much we have admired your will to succeed, your will to learn. You truly embody the idea of "self" and "C"-onfidence.

You are everything any parent or brother could ever want and we thank you for being our daughter and sister and most of all for being yourself!

Love,

Mom, Dad, Erik, Brandy & Abby

## *Jamie Bertner*

Dear Jamie,  
We can't believe four years have passed,  
It's graduation time.  
To let you know how proud we are,  
We wrote this little rhyme.

For now it's time to say good-bye,  
Four years at Tufts are gone.  
Your parents have no money left,  
Say tata, au revoir, so long.

You studied hard for every course,  
And got the grades that show,  
You aren't just a pretty face,  
Engineering you do know.

Go out in the world and find your niche,  
For your talents there's a place.  
We believe you have great potential  
To improve the human race.

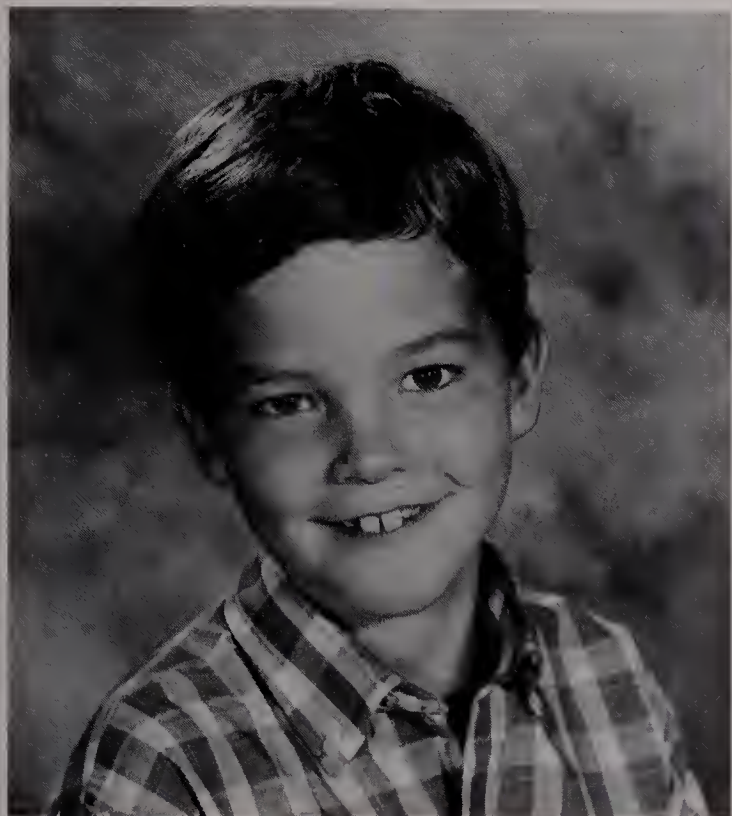

And some day many years from now  
You'll be a shining star,  
And all will see what we always knew,  
How wonderful you are.

All our love,  
Mom, Dad and Jaclyn

Natalie Hernandez

You once wrote "My name is Natalie,  
And I'm nine years old - Though I'm nine,  
I'm not very bold."  
Well you are - you've come a long way -  
Parkersburg - Chicago - Detroit - Pittsburgh  
And now here by the Bay.  
So thankful you chose not to go to Swarthmore.  
Tufts University has meant so much more.  
Henrietta's Kitchen, Durgin Park, Anthony's Pier Four.  
At times, we feel to be on a culinary tour.  
From Freshmen Year and your time on crew,  
The four years have miraculously flew.  
First moved to the fourth floor of Houston Hall,  
Then you pledged Chi Omega and had a ball.  
Dorm to Sunset Road to Professors Row -  
You kept it exciting and never slow.  
Pubs like Joshua's Tree or the Crimson in Harvard Square,  
Boredom is something exceedingly rare.  
Yet you worked hard and made the Dean's List -  
Something that always caused our eyes to mist.  
You found a poem on your school desk each year in times past,  
but alas, as for school poems, this must be the last.  
Whether Clinical, Psychology, or Child Behavior,  
For the future, please do us this favor.  
Stay the same sweet person - kind and true,  
And remember the days of brown and blue.

To my best sis and my best friend,

We had our fights in the past. I wonder why - Look what you did to me!  
But as we have gotten older, we have become closer. Hopefully we'll get  
older and closer. I will always be there for you, just as you are always there  
for me. I admire what you have become and look up to you. You are my  
inspiration.

I love you so much,

# Alysse Wurcel

Dear Alysse:

In late August of 1996, you journeyed from the "known" in Hamden, Connecticut to explore a new galaxy, Tufts University. This New World was clearly comprised of a fascinating assortment of "aliens," all attempting to mask their butterflies and insecurities. Yet, they, like you, were eager for the opportunity to wear the "Jumbo" emblem. Little by little, egos were quieted, personal walls came down, and the freshmen conglomerate arrived at two crucial realizations: that Tufts is an Ivy League school, and the "J.Crew" magazine, a bible. Freshmen then, seniors now, a four-year span dotted with peaks and valleys.

Lyssie, your graduation with honors is a magnificent achievement. Tufts has provided you with a treasure chest of knowledge, memories and precious ties that are yours, *forever and ever*. Despite the fact that you call us "REPUBLICANS," we are so proud of your moral conscience, leadership, and community involvement. Your experiences with Visions, Jazz Band, Tufts Dance Collective, New England Medical Center, Search For A Cure, D.J. Mike, the Somerville Police (for sociology!), and your adopted Russian family, have all left their imprint on you. And living with fifteen people over the last four years has taught you the importance of patience, communication and above all, a sense of humor. Whether you're called Lyssie, Boombie, Punkey, Tuna, or Gilah-Tequila, you are one fun-loving, remarkable person!

Lyssie, as an alumnus of the Class of 2000, embrace the new millennium with hope and fervor. We know that your heart and mind will guide you through other "galaxies." As you satellite around, know that we will always be there for you, and love you dearly.

Best wishes to your group of friends from Carmichael, Miller, and Chetwynd. It has been fun getting to know you and we look forward to post-Tufts visits! Best of luck - Mom, Dad, Brian and Julie.

# Munna Banglawala

Dear Munna,

Congratulations on your Graduation. We are so proud of your accomplishments. You have grown to be quite the mature, sensitive young man.

*To our sensible and sensitive daughter,  
whose hard-work and perseverance we have  
always admired.*

*Your sincerity and directness were always  
your greatest assets when dealing with people.  
Your easygoing and charming  
attitude in life made all who have known you  
get closer and enjoy your friendship. You are  
eloquent, outspoken, idealistic, hard-working,  
loving, helpful, honest, kindhearted and  
sincere, and most of all you have always  
followed your beliefs and integrity.*

ear; In life out there, try to be more realistic  
than idealistic, in your search for Utopia.*

*Life is ready for you with wide open arms to  
embrace you in a future made out of your dreams, lots still to come after you've crossed this first mile-  
stone successfully.*

*We are quite confident that you will reach the highest levels in a bright future as you always aim for  
perfection.*

*Now that you are on the threshold of actual life, keep your mind open and your ideas flexible. May the  
Lord guide you and may His blessings and peace prevail on your future, we wish you all the success.*
